PHILADELPHIA, May 20.—In a fog of uncertainty, suspicion, and Republican factional bitterness Pennsylvania marched to the polls today to settle by ballots the most chaotic primary in the state's history.
More than 3,500,000 Pennsylvanians are entitled to vote. Probably 2,500,000 of them will exercise the privilege. They will decide whether "Uncle Joe" Grundy or James J. Davis or Francis H. Bohlen gets the Republican senatorial nomination; and whether Gifford Pinchot or Francis Shunk Brown or Thomas W. Phillips wins the gubernatorial nomination.
No Democratic Contests
The Democrats have an unopposed slate headed by Sedwick Kistler, wealthy manufacturer, for senator; and James M. Hemphill for governor, so the fighting and bitterness is all on the Republican side. The Republicans have enough of it however, for two parties.
The actual balloting began under the watchful eyes of a small army of poll watchers, under cover agents, and hired gunshoe men representing all the Republican candidates and the United States senate as well. Their presence attested to the extreme bitterness of this factional row, and

Guest In Auto Is Killed, Wife Asks \$25,272.75

Margaret Cregg Files Suit
Against Myron Consia
For Frank Cregg's
Death

ACCIDENT HAPPENED ON SLIPPERY ROAD

Alleging that her husband, Frank Cregg, was killed while riding as a guest in the automobile of Myron Consia, Mrs. Margaret Cregg has filed a suit at the prothonotary's office against Consia, in which she asks damages to the amount of \$25,272.75.
Consia is a resident of this city, as is also Mrs. Cregg, the plaintiff. It is alleged in the statement of claim that on January 19, 1930, Frank Cregg was invited to ride with Consia from East Liverpool, O., to New Castle. They were driving along what is known as route No. 68 in Beaver county, near Midland, coming in the direction of New Castle. The road was wet and slippery.
At the point where the accident occurred the tracks of the Steubenville, East Liverpool and Beaver Valley Traction Company run alongside of the highway.
It is claimed that Consia was driving at a high rate of speed between 10:30 and 11 p. m. and that the front wheels of his car got off the concrete. Consia pulled the car back suddenly, whirling the rear end around in such a manner that it was struck by an electric car which was coming in the opposite direction. Cregg was killed in the accident.
It is alleged by the plaintiff that Consia was negligent in driving so rapidly on a slippery road and that he did not have his car under proper control.

Hitch-Hiker Is Killed By Auto

(International News Service)
ERIE, Pa., May 20.—The body of a hitch-hiker instantly killed last night when the man was struck by an automobile driven by Charles C. Harper of Erie was identified today as that of Frederick Clay, 28, of New York City.
Identification was established thru honorable discharge papers from the army and from the coastguard, found on his person.

Call 4000 And Give Returns Of Election

The News is asking the co-operation of the election boards serving at the primary on Tuesday, in the city and county, in an effort to secure the earliest returns possible on the election result.
All election boards are asked to call 4000 and give the returns in their voting precinct as soon as possible on Tuesday night. By making the report as early as possible the boards will be doing a service to the community, as there is more than usual interest in the result of the primaries tomorrow.

Election boards are also reminded that it is a requirement that the result of the balloting in the primary be posted outside the polling place, as soon as completed. In some instances it has been found by reporters that this provision has not been complied with in recent elections.
Likewise, it is a request of The News that the returns which are made at the court house on Wednesday be delivered as early as possible. At some elections in the past some of the precincts have not been reported until after noon, Wednesday. This delays the complete count and holds up announcement of the result.

LEFT DESTITUTE

(International News Service)
DALLAS, Tex., May 20.—Clearing skies today brought hope of relief to hundreds of homeless lowland residents as flood waters in northern and central Texas and northern Louisiana coiled their way slowly southward toward the Gulf of Mexico.
Cessation of rains over the affected areas during the past 24 hours brought slight recessions of flooded rivers, although countless acres of fertile bottom lands remained under high waters today.
Marion county, drained by the Big Cypress, Little Cypress and Black Cypress rivers, continued to bear the brunt of the high waters. Jefferson county seat of Marion county, at the confluence of the Black Cypress and Little Cypress, was almost completely submerged.
Many farm families from the surrounding territory, driven from their homes by the high waters, were in the city, being cared for by relief agencies and city authorities.

Six hundred residents of the north hill community, and city in general were guests Monday night at the Community Night program held in the newly opened First Presbyterian church, for which the formal dedicatory services took place Sunday.
Last night's observance marked the first of the special evening programs for Dedication Week which will continue in force each night until Friday. Tonight, Julian Williams, of Sewickley, will dedicate the church's magnificent new organ at a special recital, commencing at 8 o'clock.
The program of last evening occurred in the spacious assembly hall, directly beneath the auditorium. Seats were provided for 500 persons, but the large number of guests quickly filled these while the overflow crowd taxed the aisles and standing room at the rear of the large room.

Judge Chambers Presides
Judge James A. Chambers, member of the congregation's board of trustees presided during the evening. He was seated on the beautiful assembly hall stage with the speakers and visiting ministers.
The stage was equipped with beautiful furniture and banked with potted plants and palms for the occasion, and presented a striking appearance last night. It was the first time it was used.
Judge Chambers, in opening the program, welcomed the visitors in behalf of the congregation, stating that the First church deemed it a pleasure

Twelve Engineers Reported Lost In Andes Mountains

(International News Service)
BUENOS AIRES, May 20.—Twelve Argentine engineers were believed lost today, victims of a blizzard in the high passes of the Andes mountains.
The party was surveying over the line of a new railroad and their work had taken them to an altitude of 17,000 feet in the mountains.
When it became known that storms swept the area, airplanes were sent out and ten days of painstaking search were unsuccessful. All hope for the safety of the engineers has been given up.

ABOARD GRAF ZEPPELIN, May 20.—Bound on a commercial aerial argosy to the New World, the Graf Zeppelin pushed its silver nose out over the open sea at 9:27 a. m. today (5:27 a. m. Eastern Daylight Time).
Not one among the 19 passengers failed to register a thrill as the huge air liner crossed the coast of Spain and shot its bulk over the ocean expanse. The Graf left land behind at Chipiona, one minute less than an hour after the take-off from Tablada aerodrome, Seville.
Gets Away With Difficulty.
The Graf got away from Seville with some difficulty, due to the fact that an insufficient amount of hydrogen had been furnished to inflate the ship's gas bags. Dr. Hugo Eckener, commander, had ordered the correct quantity, and its failure to arrive caused a 28-minute delay in the take-off.
This set-back, little as it may have been, nevertheless annoyed Dr. Eckener, who is doing everything in his power to see that this flight takes place with the same unswerving regularity as the schedule of a trans-Atlantic liner.
There were no other difficulties besides the lack of gas, however, and the Graf was accorded a great send-off by an early morning crowd at the aerodrome when it slowly rose into the skies at Seville.

Enon Valley residents state that an extremely light vote had been cast in that district up until 11 o'clock this morning, the citizens of that community seeming to hold but little interest in the state-wide election.

Residents in the vicinity of North Jefferson and North Mercer streets are becoming very annoyed because of the dense clouds of smoke which roll off the fire in the dump at North Jefferson street. WILKES-BARRE, Pa., May 20.—The engineer and fireman of a special passenger train on the Pennsylvania railroad were killed and a road foreman and ten passengers were injured, none seriously, when the locomotive and six coaches were derailed at Mocanqua, 15 miles south of here at 11:42 last night.

Samuel W. Craig, 52, of this city, the fireman, was killed instantly when the locomotive left the tracks and overturned. Ralph D. Cleaver, 49, also of Wilkes-Barre, the engineer died enroute to the Nanticoke hospital.
J. A. Warren, of Sunbury, road foreman, was the only person injured seriously enough to require hospital treatment. He was taken to Nanticoke hospital where his condition was reported not serious. The others injured were cut by small particles of flying glass.
The coaches, though derailed, remained upright, preventing a major disaster. The train was carrying 150 Shriners back to Wilkes-Barre from Harrisburg where they had attended Temple dedication ceremonies.

Morning Vote In City Light

Weather May Result In Heav-
ier Vote In County
Districts

RUSH IS LIKELY
LATE IN AFTERNOON

Despite wire reports from over the state of heavy voting, New Castle is not following the lead for at noon today a light vote had been cast, much lighter than was even anticipated. Muggy weather perhaps had some part in the reasons to be ascribed for the lack of ballots, although for a week it has been felt that there was a general apathy which might affect the result.
Considerable switching was seen at a late hour Monday evening. Workers that were thought to be secure for some candidates, switched at the last minute and at midnight confusion was seen in several of the camps of state wide candidates.

May Help Farm Vote
While the vote in the rural sections was light also at noon it was felt that the weather might operate in favor of a heavy vote in the farm districts.

With the stores and offices turning out voters at the noon recess there will probably be a heavy vote and a four o'clock rush is expected to begin when the mills and factories shut down for the day.
Workers are seen at the polls in the southern end of the city, with but few workers visible in the north and east sections. Cars are waiting for the vote rush which will start about four o'clock and between that and seven the heaviest ballot casting of the day is expected.

Commencement Program At Westminster Soon To Get Under Way

CLASS REUNIONS BEING PLANNED

(Special To The News)

NEW WILMINGTON, May 20.—Plans for the annual commencement week activities at Westminster College look definite shape yesterday when program, covering 13 separate events, was made public by the college office. While the names of speakers for the events were not made public it is thought that they will be announced early this week.

Starting Friday, May 23 with the traditional senior sing on the south terrace, Old Main Memorial at 7:30, the days will be filled with activities for all concerned. On Saturday May 24, the annual May pageant will be held on the athletic field at 4:30.

Final examinations start Monday, May 26 and run to Friday, May 30. Most seniors will have completed their work this week. The Carnegie Foundation examinations given by the department of education taking the place of finals.

On Saturday morning, May 31 at 10:30 the final chapel service of the year will be held. At this meeting athletic awards to varsity track and tennis men will be announced and a number of other honors will be announced.

Graduation recitals for students in the conservatory of music will be given Saturday morning at 10:00. The annual alumni meeting and dinner will be held in the United Presbyterian church parlors Saturday, May 31, at noon.

Class reunions will be held Saturday afternoon. Sorority and fraternity dinners and lunches will be held at 6:00 in the various fraternity houses, sorority suites and in New Castle at 8:15 Saturday evening. The Oratorio society of the college, under direction of Alan B. Davis, will give its annual concert.

On Sunday June 1, the Christian Associations' sermon will be delivered at 1:30 in the college chapel. An organ and violin vesper service will be held in the college chapel at 4:00 o'clock Sunday afternoon. President W. Charles Wallace will preach the baccalaureate sermon to the seniors in the college chapel on Sunday evening at 8:00.

Monday, June 2, will be a busy day for all. The annual meeting of the board of trustees will be held at 10:30 in the main college building. At 10 the athletic council will hold its annual meeting in the college gymnasium. The commencement exercises, to be held in the United Presbyterian church, will start at 2:00 Monday afternoon, June 2.

Gas Works Help To Protect Water

HARRISBURG, May 20.—C. L. Siebert, executive secretary of the Sanitary Water Board said today that 95.3 per cent of the producers of manufactured gas in Pennsylvania is now partly to the gas works agreement whereby the companies operating such plants have agreed to adopt the accepted methods of treatment of gas house waste to the purposes of preventing tastes and odors reaching the streams from which potable supplies are taken.

"At the present time, according to a recent investigation there is not one gas works in Pennsylvania which is actually a serious menace to any public waterworks intake," Siebert added.

Union High Class Plans Program

Members of the freshman class of Union high school with the assistance of Wilbert Leonard, have successfully prepared a carnival exhibition, which will be given in the auditorium of the school on Tuesday, May 27, at 7:30 o'clock in the evening.

There have been many unique attractions arranged for the affair, including a live snake swallowing act by one of the school instructors and other things that will prove of interest. The animal show will be one of the interesting features.

ALLEGHENY COUNTY POLLS GUARDED AGAINST FRAUD

(Continued From Page One)

should any complaints of irregularities be received. District Attorney Park ordered the county detectives on duty, he said, in keeping with warnings sent out by him that all complaints of fraud and irregularities would be thoroughly investigated with prompt prosecutions to follow if warranted.

The forces of county detectives and deputy sheriffs will co-operate in maintaining order and regularity at the polls, Park said. He added that no trouble was anticipated at the polling places, but that a number of investigations could be expected as the result of complaints.

Department of Justice Watches? Meanwhile, political circles buzzed with apparently authentic reports that a score or more of Department of Justice agents have been detailed to Pittsburgh to uncover election frauds. No confirmation of these reports could be had at the Federal building here, but it was believed that the agents, if they had arrived, would not report to federal officials here, but would keep under cover until the polls close tonight.

Speculation also was aroused over the fact that Senator Gerald P. Nye, chairman of the senatorial committee on campaign expenditures, appointed to investigate the United States senatorial primary in Pennsylvania, did not communicate with District Attorney Park yesterday.

Park had expected to hear from Nye during the day and learn whether the committee chairman would be here in person during today's balloting. Nye's silence led to another outcropping of rumors, these to the effect that the chairman and several of his committee colleagues might slip quietly into the city during the day from Washington and attempt to uncover evidence of fraud or other election law violations without their presence being known.

William Frew, chairman of the Allegheny county campaign committee for the Phillips-Bohlen anti-prohibition ticket, declared this morning that a lawyer's committee is in readiness to go into court today or tomorrow should any fraud be uncovered. Frew said a fund had been pledged to cover expenses incurred through possible impounding of ballot boxes and the recount of suspected ballots and that all evidence of fraud uncovered would be turned over to District Attorney Park for prosecution.

TWO MILLION BALLOTS LIKELY IN STATE PRIMER

the wide open charges of fraudulent plots, trading, dealing, intimidation, coercion and general political skulduggery. Mud has been indiscriminately thrown into this campaign by all concerned and it is considered likely whoever wins will have to convince a senate committee that everything was aboveboard.

Wet-Dry Issue Looms Large The injection of the wet-and-dry issue into the battle, in the most virulent form imaginable, has knocked all the predictions and forecasts galley west. The most seasoned of Keystone political prophets privately confess themselves stumped as to the outcome.

The wets are represented by the Phillips-Bohlen ticket. This ticket was entered only after Pinchot and Grundy had declared themselves dry, and after the Davis-Brown ticket had declined to take a positive stand one way or another on the issue.

To some extent it is a test of Pennsylvania's wetness today, and yet it is not a clear-cut test either, for the wet city machines in Philadelphia and Pittsburgh are supporting the Davis-Brown combination, and it is well known that thousands of wet business men in the state will support Senator Grundy because of his tariff leadership.

But on all sides it is conceded that the Phillips-Bohlen wet ticket holds the key to the puzzle. If this ticket rolls up a huge vote, as its managers claim it will, it probably means victory for Grundy and Pinchot, for the wet votes will come from Davis and Brown, whose principal support is from the Philadelphia and Pittsburgh organizations.

All Claim Victory Everybody is publicly claiming victory, and no one, including the candidates and their managers, privately have any real confidence as to just what today's results will be. There are too many "ifs" and "buts" in this situation, and the real strength of the wet forces is too much of an unknown quantity.

In Bristol, where his woolen mills are located and where he has been a poll watcher at every primary and election for many years, Senator Grundy radiated optimism.

With characteristic bluntness, he declared he would win today, "because the Vane machine (in Philadelphia) is already ditching Davis in a desperate effort to save Brown."

"This trading also will take place in Allegheny county," said "Uncle Joe." "I expect Bohlen to poll a heavy vote, but he will take five votes from Davis for every one he takes from me. The victory is ours; it only remains to get a count."

In Pittsburgh to cast his own vote, Secretary Davis declared his confidence of victory, and to this was added a formal statement by his running mate, Brown, which declared that "the people of Pennsylvania are alive to the menace represented by one of its opponents," referring to Pinchot. "Today," he said, "the voice of the people will be raised above the noisy clatter of the fair and the harangue of the fanatic."

In Millford, where he voted early today, Gifford Pinchot fired a parting blast at "the Philadelphia gang" while predicting his own victory. He recalled that eight years ago when he won the primary contest against Alter, the organization candidate, crowds in Philadelphia celebrated his defeat as soon as the polls closed.

"As a matter of fact," said Pinchot, "the returns were made up before the votes were even cast in accordance with the orders issued to the war leaders as to how many votes they were to produce. This year any such cheating will be impossible for the United States department of justice

and the United States senate are on the job."

The managers of the Phillips-Bohlen wet ticket were no less optimistic today than their rivals. They predicted their ticket would come to the Philadelphia county line with 150,000 majority, and they asserted that William S. Vane could not hold his wet followers in line against them. "The Philadelphia organization has lost control of its members," said Prof. Bohlen. "They intend to vote as they drink. I would not be surprised if we carried the city."

The wet managers also asserted that if Pinchot wins he will be opposed by a wet candidate in November. Whether this candidate will be a wet Republican, or whether the wets will support Kistler, the Democrat, who is avowedly anti-prohibition, they did not say. The newly found militancy of the wets is, however, apparent on all sides. The Phillips-Bohlen ticket has talked nothing else except the prohibition issue, the wets, in which Pennsylvania is vitally interested, they have left to Grundy and Davis.

The number of Pennsylvanians who are so willing may and probably will determine the winner of this most unprecedented of all Pennsylvanian political contests.

Guard Polls Battalions of keen-eyed watchers, alert for evidence of fraud or double-dealing, stood guard at the polls today as Pennsylvania went about settling the most momentous primary in the state's history.

Reports from various parts of the state indicated a heavy early vote, despite cloudy skies and occasional showers. At noon it seemed from the reports that the predictions of a total vote of more than 2,000,000 would be more than borne out.

The early voting was singularly peaceful and quiet, up to noon there had been no reports of serious trouble anywhere in the state. Perhaps this was due to the extraordinary precautions taken by all the candidates to prevent trickery or "rough stuff," charges of which have been so freely made for a week. They all had their agents at the polling booths, and these were supplemented by municipal detectives, and even representatives of the United States Senate itself.

Use Voting Machines Some slight difficulty was experienced in Philadelphia's first ward, where voting machines were being used for the first time in history. But this was soon ironed out, and the balloting proceeded in orderly fashion. Managers of all the candidates claimed the heavy voting as favorable to their cause. It was particularly gratifying to the wet ticket of Bohlen for senator and Phillips for governor, the wet managers declared, because of indications that the large independent vote of the state was rallying to the opportunity to vote against the dry candidates involved in the Davis-Brown and Grundy-Pinchot tickets.

The size of the wet vote is expected to be the principal factor in determining the outcome. Conceded only an outside chance of winning themselves, the wets were intent on making an impressive showing, which will pave the way for further independent action in November.

where so much of the world's surface has passed beneath his view in birdseye pageant.

Off to Brazil.

The warm spirit of Spain that had paid tribute overnight to all those on board the Graf welled up in a burst of cheering as the craft's five motors began the steady drone that would continue across the stretches of the south Atlantic ocean, to Parnambuco, Brazil.

The nose of the famous airship, conqueror of the north Pacific and Atlantic oceans, headed southwest toward Cadiz on the second leg of her 18,000-mile flight with mail and passengers to South America, the United States and return to Germany. Pernambuco, the next stop, was 3,500 miles away, and the Zeppelin would make the first crossing of the equator in transoceanic flight by an airship.

Four Women Aboard.

There were four women and 15 men on board the air liner.

After skirting the coast of Africa and heading to sea little land will be seen by the voyagers except for the Cape Verde islands and a possible earlier glimpse of the Canary islands.

Reports from the Graf's own radio transmitters and from ships sighting her at sea will be the only means of checking her progress over the many hours of cruising ahead.

The new passengers to board the Graf at Seville were Mrs. Mary Pierce, wife of a New York stock broker; Lieut. Colonel Emilio Herrera of the Spanish royal air force and interested in the promotion of a Zeppelin line to South America; and the Infante Alfonso D' Orleans, cousin of King Alfonso of Spain.

The Infante, a leader of the Spanish royal air force and long an aviation enthusiast, told the International News Service:

"Although I have been flying for 20 years, including in Zeppelins during the war, I expect to learn a lot and I feel confident that a trans-Atlantic service will be profitable in the near future."

STAR LORE HIGH SCHOOL ASTRONOMY CLUBS

By Arthur Dev. Carpenter. By Mr. Dev. Carpenter, for making surveys of the evening sky, for clouds and storms are now less frequent. High school astronomy clubs will find opportunity in May, for gaining familiarity with Cancer, Leo and Virgo of the zodiac. Hydra the water snake under-south of the zodiac. Draco in the north with his tail stars streaming between the two bowls of the big and little dippers, star Vega appears in the northeast. Arcturus is well up in the eastern sky; so is Corona (Crown). The big dipper (Ursa Major) is now high over head. The beginner should have a good astronomy guide at his elbow in locating these stars and constellations.

MRS. ANNA UFFNER MUCH IMPROVED Mrs. Anna Uffner of Atlantic avenue, who was hit by the car of Howard Carr, near Erie street on Atlantic avenue Monday, and was removed to the New Castle hospital, is today reported as being much improved. An X-ray picture showed that she had escaped any serious injury.

Correct this sentence: "I haven't kept a record," said the man, "but I know the car hasn't cost more over ten dollars for repairs in two years."

Deaths of the Day

Mrs. Daniel Weigle

Mrs. Daniel Weigle, aged 76, who until a few weeks ago made her home on Butler avenue, this city, died at the home of her son, Walter Weigle, Pittsburgh, Monday at 8 p. m. Mrs. Weigle was the daughter of Robert and Rachel Campbell and was born in Butler county and was the wife of Daniel Weigle, who preceded her in death a few years ago. Mrs. Weigle had been a resident of New Castle over thirty years, just breaking up housekeeping here a few weeks ago, to live with her son in Pittsburgh.

Mrs. Weigle was a member of the First Baptist church, a devout Christian, a good friend and wonderful mother. She was active in all work pertaining to the church and attended all services up until a few months ago, when her health would not permit.

She is survived by seven children, Walter, of Pittsburgh, Mrs. Pearl Smith, of Portersville, Mrs. Frank Moore, of Portersville, Mrs. Ira Wilson, of Niles, O., Bert Weigle of Lisbon, O., Ira of Cleveland and Mrs. Dean Martin of Grand Rapids, Mich. and a brother, Judson Campbell of Slippery Rock.

Funeral services will be held from the First Baptist church Wednesday at 11:30 a. m. Eastern standard time with Rev. G. M. Landis, pastor of the church officiating.

John M. Marshall

John M. Marshall, aged 75, an inmate of the Lawrence County Home died Monday afternoon following a lengthy illness from complications. He is survived by a half brother, M. G. Paden. Funeral services will be conducted from Bethel church Wednesday at 2 p. m. with interment in the church cemetery.

Giovanni DeRico

Giovanna DeRico, the infant son of Mr. and Mrs. Giuseppe DeRico, 1604 Hamilton street, died at the New Castle hospital at 2:30 a. m. today.

He was born February 4. Funeral services will be held Wednesday at 9 a. m. from St. Vincent church with interment in the church cemetery.

John Henry Snider

John Henry Snider, aged 88, father of Ira Snider, Sheridan avenue, died at 11:45 a. m. today at the Grove City and Fellows' Home, following a long illness.

Funeral arrangements have not been completed.

SEEK IDENTITY OF YOUNG GIRL FOUND IN PHILADELPHIA

(Continued From Page One)

Baltimore, From Baltimore she caught a train to Philadelphia.

PHILADELPHIA, May 20.—Their skepticism overcome by the unwavering of incoherent statements of a pretty, 16-year-old girl found wandering in Rittenhouse square here a fortnight ago, police officials today asserted their belief the girl is the kidnapped daughter of a wealthy family.

Director of public safety L. B. Schofield said today after prolonged questioning of the girl that she probably had lost her memory after being kidnapped by persons who sought to hold her for ransom.

Says She Was Seized

Now and again during the questioning the girl recalled fragmentary episodes of her life, talked convincingly of a governess and servants and of being seized by a man and woman while picking flowers in the garden of her home.

"Everybody calls mother 'Bany,'" she told Schofield. "I have no brothers or sisters." She was trying desperately to bring back recollections of her life, Schofield believed.

"I don't go to school but have Miss Frankie to teach me. I live in a house with four white pillars to hold up the balcony. There is a driveway with trees and flowers and a lawn. Miss Frankie is my governess. I go horse-riding with her two hours every day. The name of my horse is 'King' and I also have a dog named 'King'."

When the girl was found two weeks ago her mind was practically a blank. Under questioning by Schofield, vague details of her life have been recalled. She spoke hesitatingly then confidently, of being seized by the man and woman, she said kept in a house with four white pillars to hold up the balcony. There is a driveway with trees and flowers and a lawn. Miss Frankie is my governess. I go horse-riding with her two hours every day. The name of my horse is 'King' and I also have a dog named 'King'."

She was weak and emaciated from hunger when found.

NURSES' PARTY IS GALA EVENT

For the first affair the Alumni of the Jameson Memorial Hospital have given in the new nurses' home, they created a precedent they will have to live up to in the events which follow.

Monday evening the friends of the Alumni and the hospital gathered in the nurses' home for their benefit card party, with about two hundred seated at the bridge, 500 and bingo tables.

The home beautifully decorated with dog wood, honey suckles, festoons of green and white crepe paper from the chandeliers to the corners of the room and vases of cut flowers, with Butz' good wishes for the success of the affair.

As the guests arrived they were greeted by the Alumni and ushered to their seats by the student nurses, each person being made to feel they were most cordially welcome and at home.

The evening hours were spent at play, at the conclusion of which the students served a dainty lunch.

Following play those holding high score at each table were presented with a prize, Fred L. Rentz, in his own inimitable way, acting as donor, with a witty remark for each prize handed out.

Much of the success of the affair was due to the efforts of Mrs. Irene Castillo, chairman in charge, Mrs. Isabelle Davis, who disposed of the tickets, Sarah Burkhardt and Gladys Pool who so tastefully arranged the decorations, and to the student nurses, who so nicely handled the guests, taking care of their wraps, seeing they had suitable places and introducing them to each other.

To the various merchants of the city, the gratitude of the nurses is expressed for the kindly way in which they helped the affair. Book and Leyde, Offutt and Rice, furnished the tables and chairs; Jack Gerson, McKinley and Frantz, J. F. Perelman, Davis Shoe Co., W. J. Offutt Co., Winter Brothers, Castle Stationery Co., New Castle Hardware Company, Ben Johnson, Mather Brothers, McGoun Shoe Company, Reynolds, Summers and McCann, Higgins Brothers, The Work Basket, Mrs. Mary Ruley Love and McGoun and Rieck's Ice Cream company donated all prizes.

Rev. Fr. N. DeMita, pastor of St. Vitus church, is reported to be improved.

CURRENT EVENTS '23 STARTS PICNIC PLANS

The closing meeting of the Current Events class was held Monday, May 19, at the home of Mrs. John G. Nohndorff on Centennial street, with 21 members answering roll call. Mrs. Carmi Glover and Mrs. Thomas Gilkey presided as critics for the day.

A business session was held when the election of officers took place with the following results: Mrs. Albert Fankhouser, president; Mrs. Frank Woods, first vice president; Mrs. E. E. Seavy, second vice president; Mrs. Louis Gordon, secretary; Mrs. Lake S. MacNab, treasurer; Mrs. Will Moody, Mrs. John Madigan and Mrs. Albert Treser, governing board.

At the close of the business Mrs. John Emery was given the current events paper for the summer. The picnic scheduled for May 27 at Mrs. Frank Douds will mark the last gathering of the summer, with the celebration of their 40 birthday anniversary taking place in the fall, which will be observed in a fitting manner.

CONCLUDING PROGRAM OF MUSIC CLUB GIVEN

The program presented by the Music club Monday evening, May 19, at The Castleton ballroom, marked a fitting close to the excellent work of this year. Mrs. H. D. Taylor as hostess presented a program of MacDowell music.

Vocal solos rendered by Mrs. Burr M. Rodgers and Mrs. Clinton Keagy were thoroughly enjoyed. Miss Lena Richards, Violet Shuler and Marquerite DeJare delighted the audience with well chosen piano solos which were artistically interpreted.

Accompanists for the evening were Mrs. M. M. Ingham and Mrs. Jay L. Reed.

The junior recital will take place in June, the exact date to be announced later. Mrs. Jay L. Reed and Miss Barbara Schultz will be in charge of this recital.

Entertain for Relatives

Mr. and Mrs. E. W. Smith of Shenango street, entertained at six o'clock dinner recently in honor of the latter's sister, Mrs. Hudson Day, of Ashland, Ky. Covers were laid for the immediate family and two special guests, Mrs. John Evans and daughter Miss Nettie Evans. It was an elaborate affair with cut flowers used profusely for decoration purposes.

The evening was spent with music and social chat as the diversions. Mrs. Day, who is past worthy matron of the Order of Eastern Star in Ashland and also holds the highest office in the White Shrine, stopped for a visit here enroute home from Columbus, where she was attending a convention of the White Shrine.

It is her first visit in six years to this city and she found much in way of improvements here and was especially interested and impressed by the Cathedral which she inspected with Mrs. Louis Round and Mrs. DeVassie.

Mothers-Daughters Banquet

Covers were marked for 100 mothers and daughters at the annual banquet of this kind at the Second United Presbyterian church Monday evening. The tables were cleverly decorated in green and white appointments, with sweet peas and tulips used in the centerpieces.

Miss Eva Coulter led the assembly and she found much in way of improvements here and was especially interested and impressed by the Cathedral which she inspected with Mrs. Louis Round and Mrs. DeVassie.

Following dinner the evening hours were spent in an informal manner.

Relief Corps Has Party.

The Louis E. Simons Relief Corps 11 held their regular meeting in the City building Monday afternoon, at which time new members were admitted to the corps.

Plans were completed for the luncheon, which will be held for the Relief Corps delegates on Tuesday, June 10. The headquarters of the Relief Corps will be in the First Presbyterian church.

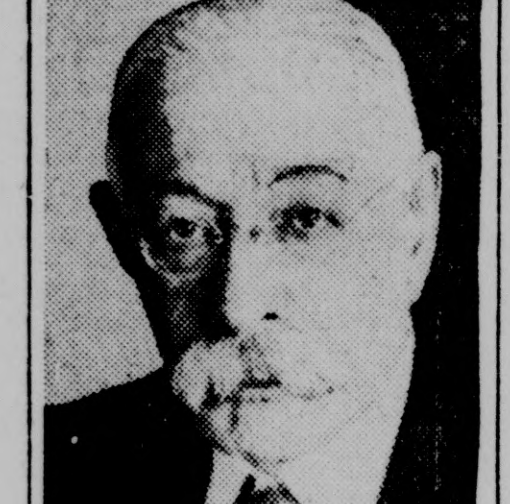

Monday evening the corps held a card party for members and friends with 500 and bingo in play. High score in 500 were won by Mrs. E. Daniels, Mrs. Fronie Davis, E. Daniels and Clyde Thomas; while prizes at bingo were awarded to Mrs. Jessie Watson and Mrs. Jack Davis. Closing play lunch was served by the committee.

At the June 2 meeting the candidates will be initiated and all plans completed for the encampment, June 8 to 14.

BUSINESS WOMEN ENTERTAIN MOTHERS

Members of the Business and Professional Women's club met for dinner Monday evening in the Green Room of the Y. W. C. A. with their mothers as invited guests. The tables were beautifully decorated with baskets of flowers and tall lighted tapers. Potted plants were presented each guest present.

Miss Bess Gailcy presided at the meeting and welcomed the guests of the evening. She then introduced Mr. Rogers, who has been re-elected state president of B. P. W. C. Dr. Rogers spoke briefly in a general way of the state convention held in Lancaster May 16-18. Lucille Lutton, Mary Wilson and Nance Pugh, sent as delegates to the convention, then gave interesting and detailed reports.

The next meeting of the club will be a picnic at Cascade Park, June 2, and will mark the close of the meetings for the summer.

Ninth Birthday.

On Saturday, May 17, Mrs. Florence Cartwright of 454 Croton avenue, entertained a number of little girls in her home in honor of the ninth birthday of her daughter DeEtta Marie. The children spent a delightful afternoon with games of various sorts, with a delicious lunch being served at the close of their play period. Mrs. Cartwright had as aides Mrs. John Cartwright, Mrs. J. L. Maxwell and Miss Emma Maxwell.

Those present included Bonnie Elam, Virginia Cartwright, Clara Ward, Betty Campbell, Virginia Frederick, Jean Cartwright, Dorothy Ward, Peggy Davis, Mary Bennett, Ruth Cartwright, Sara Elizabeth Patterson, Ruth Davis, Sara Jane Cleland, Marian Patterson, Gladys Gibson, Jean Maxwell, Bennetta Perry, Louise Cartwright, Doris Gibson, Irene Wygonoski and the honor guest who received many beautiful gifts.

Birthday Dinner

Miss Vivian Jane Sisley of Butler avenue entertained in honor of her ninth birthday Saturday afternoon, a number of little friends in an informal manner. Games and music furnished entertainment with a feature of dance selections being given by Betty Lee Rainey, Marjorie Walker and Vivian Jane Sisley.

Later in the afternoon a delicious lunch was served by the hostess' mother, Mrs. Arthur Sisley assisted by Blane Jordan and Mrs. Sally Davis. A large birthday cake bearing nine lighted candles formed the table centerpiece, with Spring flowers being tastefully used.

Guests present included Amy Lou Riney, Marjorie Walker, Marjorie Cornelius, Muriel Zeithor, Letitia Jean Richardson, Bernice Forest, Betty Lee Rainey, Patricia and Frances May Loy, Isabella Knight, Edna Marie Sisley, Augusta Rose Williams, Eleanor Knobloch, Theodora Mae Wells, Master Bobbie Davis and the honor guest who received many beautiful gifts.

Entertain Choir.

Mr. Arthur Hoskins and Mrs. George Salomon were pleasing hostesses when they entertained the New Castle chapter choir, Order of the Eastern Star 105, in the former's home on Edgewood avenue Monday evening.

A business meeting in charge of Mrs. May Turner was held after which rehearsal was in progress with Miss Mary Harward as leader.

Dainty refreshments were served at a late hour by the hostesses, assisted by Miss Vera Salomon. The next meeting will take place with Mrs. W. Strittmater on Grant street with Mrs. George Houston as associate hostess.

Jewish Juniors Will Meet

The final meeting of the season of the Council of Jewish Juniors will be held Wednesday evening at the home of Anne Levine, 519 East Winter avenue at 8:30. Sarah Cohen will be joint hostess.

This meeting will be marked by the reports of the various chairmen on the work of the past year and there will also be an election of officers.

Art Club Members

The meeting scheduled for the Art Club at the Castleton on Wednesday, May 21, at 2:30 o'clock, has been postponed on account of illness in the home of Pascal Gatterdam of New York, who was to have been in charge of the program.

WILLIAMS- BENDER NUPTIALS PERFORMED

A pretty wedding was solemnized at the First Congregational church, Monday, May 19, at 11 o'clock a. m., when Miss Marian Williams became the bride of George Bender with Rev. Rees T. Williams, pastor of the church officiating with the ring ceremony.

The bride was beautifully gowned in a flowered chiffon frock, with hat and accessories to match, and wore a shoulder corsage of brides roses and valley-lilies. She was attended by Miss Louise Davies who was attired in pale green with matching accessories and had a shoulder corsage of roses and valley-lilies.

Clifford Zeigler served as best man. Mrs. Bender who is an employee of the Bell Telephone Company has been making her home with her sister, Mrs. Sol Davies, of Neshaunock boulevard, while Mr. Bender is an employee of the Standard Brands Company and has been residing at the home of Mrs. A. Hartman on Johnson avenue.

A large number of friends attended the ceremony and many congratulating messages were received. After a sumptuous dinner which supplemented the ceremony, the party left on a motor trip to the East, and upon their return will be at home to their friends at 621 Grant street.

CURRENT EVENTS '06 APPOINT COMMITTEES

Associates of the Current Events of '06 gathered at the home of Mrs. Sherman Kison on Beckford street Monday for their last regular meeting of the season. Roll call was responded to with a "Poem From My Favorite Author" with a brief business session following. During this period it was voted to have a picnic on the 17th of June with Mrs. E. C. Morrow, whose invitation they accepted to meet at her cottage at Lake-wood. The committee in charge of the picnic arrangements includes Mrs. J. R. Lutton, Mrs. E. C. Morrow, Mrs. Frank Rudesill, Mrs. E. A. Caldwell and Mrs. Carl Wilson. Those in charge of the transportation are Mrs. E. A. Cook, Mrs. W. E. ANOTHER IMPORTANT LOCAL ELECTION

WHILE voters of the city and state are going to the polls today electing candidates of the parties for the fall general election, there is another selection in the city that is engaging the attention of several hundred local citizens.

It is the selection of the candidates for directors of the New Castle Chamber of Commerce. Members are nominating twelve members from whom six directors will be elected a short time later. The Chamber of Commerce is an important adjunct to the city. It carries on a work that is vital. Now is the time for the members who may not be satisfied with the way the affairs are conducted to name directors who will suit their ideas.

The nomination of new directors is a free and open choice. No member is barred from being nominated. The twelve receiving the highest number of votes are the nominees for the general election at which six directors will be named.

The election is for the purpose of selecting those who are deemed by the largest number best fitted to conduct the affairs of the Chamber. Now is the time to select them.

When they are selected, no matter who they may be, it should be the aim of every member to give them co-operation.

Take part in the election—then back up the directors who are the choice of the majority of the members, and work for New Castle.

WORLD COURT JUDGES

The problem of judiciary appointments is not confined to the United States. The terms of the eleven judges and four deputies of the World Court will expire with the year 1930. Nominations for their successors will be made before August the first, and elections will be held in September.

The procedure therefor is highly interesting. Nominations are made by the members of The Hague Court of Arbitration conferring as national groups. Each group names four persons, of whom only two may be of its own nationality; and from these nominees the judges are elected by the council and the assembly of the League of Nations, "acting concurrently but independently of each other." A majority in both the council and the assembly is necessary to election, and "only one judge of any one nationality may be chosen." The requirements as to fitness are that they shall be "persons of high moral character, who possess the qualifications demanded in their particular countries for appointment to the highest judicial offices, or are juris-consults of recognized competence in international law." Moreover, "The whole body should represent the main forms of civilization and the principal legal systems of the world." The terms are for nine years; and the salaries, fixed by the League of Nations, are now around six thousand dollars, with an additional forty dollars for each day of actual work.

It was Elihu H. Root, if we are rightly informed, who advised this mode of election. It may be said to have solved a crucial problem in the creation of the court; for when previous efforts were made, at the second Hague Conference in 1907, to set up such a tribunal, they failed, largely for want of a plan of selecting judges which was satisfactory alike to the greater and the lesser nations. This difficulty is overcome by the present system which gives the Council of the League, representing fourteen of the major powers, and the assembly, representing large and small nations equally, a concurrent voice in the elections. Two Americans have served on the court—John Bassett Moore, who resigned in 1928, and Charles Evans Hughes, who succeeded him. Mr. Hughes resigned last February upon his appointment as Chief Justice of the Supreme Court of the United States.—The Atlanta Journal.

GOOD STUDENTS DO SUCCEED

There was once a belief that business looked askance at college graduates. If such an attitude ever existed, it certainly exists no longer. As is well known, business—and especially big business—yearly about this time has its scouts on the lookout for promising new blood. And the very numbers of college men employed the year after their graduation would show distinctly where the preference lies.

Not every college graduate will be successful in after life, but it is certain that college-trained men and women have a better chance than the untrained to succeed in commercial and industrial pursuits.

There is a bit of snobbery in the criticism that, since it became possible for anybody to acquire a college education, institutions of higher education are turning out a lower percentage of successes. There is just as much evidence that the percentage is higher than ever.

Twenty thousand of the 40,000 young men graduated this year by American colleges and universities will enter the ranks of business. This fact is an important one for business.

There is another myth relating to the college man that may well bear refuting. It is that business prefers the fair student, whose college activities are not limited to the class and study rooms, to the honor man. The American Telephone and Telegraph Company has made a survey which seems to indicate that the good student has the best chance of succeeding in business, and that the only reason there are fewer honor men in business is because they have spurned it for the professions of the arts.

THINKING IN TERMS OF WAR

Opponents of the Naval Treaty have found a "loophole" which might allow Great Britain to have in the end five more cruisers than the United States and which, they think, should be made the subject of a reservation. Senators are fond of reservations, and in this case they can doubtless get the aid and comfort of various naval experts. Efforts of this kind to impair the work of the conference will not, we imagine, have any great weight with the public, or apparently with the senate itself.

The experts, naturally enough, think in terms of war, suggests the Inquirer of Philadelphia. Great Britain and Japan are to them only possible enemies. The purpose of a reduction of naval armaments is to dissipate this atmosphere of suspicion. Many naval men in both countries feel that the sacrifice has been all on their side. The treaty could never have been signed without some sacrifice all around.

No More Jealous God.
They Won't Hurt Us.
Ask Mussolini.
Dead, For Progress.

F. ARTHUR G. BRISBANE
(Copyright, 1930, King Features
Syn., Inc.)

The London Daily Express reports a change in the Bible text, ordered by the International Commission on Revision of the Bible. The words "loving kindness and mercy" will replace the word "jealous" in the familiar passage:
"For I, the Lord Thy God, am a jealous God, visiting the sins of the fathers upon the children unto the third and fourth generation."

An additional change would seem necessary, for a God of loving kindness and mercy would hardly visit the sins of wicked fathers on innocent children.

The description of God as a jealous God has puzzled many believers, unable to imagine jealousy in the character of a ruler omniscient and omnipotent.

The conception went with primitive ideas of God. It was believed by each people that theirs was the best, most powerful god, but other gods existed, for other peoples.

When lightning came down to start the fire that was proof that Jehovah was more powerful than his rivals and jealousy was shown in the severe punishment inflicted on those that worshipped the calf of gold, a rival god. The high god was supposed to be close at hand, walking in the garden, in the cool of the evening, enjoying the smell of burnt offerings, animals' flesh roasted, arguing with Job, out of the whirlwind.

Man's idea of God is usually a being much like himself, cruel and jealous among jealous, cruel people, such as the ancient Bedouins, gentle among mild Asiatics, such as produced Buddha.

The Greek philosopher spoke truly: "If the camels had a god, their god would have four legs and a hump."

As men's knowledge of the universe expands their conception of divine power changes. A universe that is in our corner of it, measures from side to side 140 million light years, the distance that light travels in 140,000,000 years, going 186,000 miles a second, is a universe too big for a God of jealousy, or one anxious to prove his superiority to poor Job, all covered with boils.

Omission of one text in the Bible would have saved untold suffering. It gives men the dreadful and deadly command, "Thou shalt not suffer a witch to live." There are no witches, there never were any, living through the air on broomsticks. But King James, obeying the command, put to death helpless old women, accused of sailing out to sea through the air on broomsticks, and raising a storm to wreck the king's ship.

Thousands were burned, hanged, drowned, horribly tortured, by those that believed there must be witches, since the Bible said not to let them live. The late President White of Cornell university says those eight words, "thou shalt not suffer a witch to live," have caused more needless suffering than any other words ever written.

Monsieur Henry, French chargé d'affaires, assured our state department that the proposed federation of 26 European nations is not directed against the United States.

That is a comfort. Europe should postpone any union against the United States at least until Europe has paid what it owes the United States. A change from the cry "Help, or we perish" to a threat of hostile combination would be rather sudden.

Besides, it will be time enough to decide what if anything the United States of Europe will do to the United States of America after the new combination gets started. Twenty-six Kilkenny cats, tied together by the tails and hung over a European clothes line, would not, at first, menace anything but Kilkenny cats.

However, the suggestion that Europe MIGHT unite against us is enlightening. It should make our government think more about adequate defense, and waste less time on sloppy peace talk.

Mussolini has no peace doves nesting in his thought. He knows that peace, in our state of barbarism, is safest when enemies fear to attack. On Saturday, he told a crowd of 200,000 in Florence that he would build for ton, as many warships as France built, and warned all enemies that Italy is ready for all comers.

That sounds truculent, but it is (Continued on Page Five)

Many Believe Court Ruling May Hamper Home Brewing

Holmes Decision Makings Kegs, Barrels, Bottles And Similar Materials Subject To Condemnation Opens Field For Much Speculation

Most of the public comment on the latest decision of the U. S. Supreme Court affecting enforcement of the prohibition law indicates a belief that it will give force to the law. Significance is found in the fact that Justice Holmes wrote the opinion putting in his barrels and other paraphernalia useful to the home brewer under suspicion. Some dissenters from the unanimous action of the court feel that it is too far-reaching, a second group hails it as beneficial, while a third contends that authorization of seizures will have no effect on the existing situation.

"It may prove to be a knockout blow" to home brewing is the opinion of the ANN ARBOR DAILY NEWS, which, however, suggests that "it is even possible to sympathize somewhat the home brewer who has labored so lovingly from year to year, to provide a beverage for self-consumption." That paper adds that "there can be little sympathy for the purveyor of home-brewed equipment whose offering of the materials for sale has always seemed like a frank flouting of the law." The Ann Arbor editor concludes that "about the only home brew apparatus that is liable to seizure is the family cellar."

Belief that "nobody surely will say now that there is not enough law to make the country as dry as a very dry old bone" is expressed by the SAVANNAH MORNING NEWS, with the advice that "if prohibition does not prohibit now it will not be the fault of the law; there is certainly lots of that." The law machinery seems to be moving nicely in high gear. The LITTLE ROCK ARKANSAS DEMOCRAT is impressed by the fact that "Justice Holmes, that grand old dissenter, believes that bottle peddling is a crime."

The fact that the decision was written by Justice Holmes, according to the LOS ANGELES EXPRESS, "must add to its sting in the minds of those who cry so loudly for their personal liberty to have booze in any way they can obtain it," and the Express is convinced that "bootleggers who manufacture their own wares are going to find their industry greatly handicapped." The HARTFORD PATRIOT declares that the Supreme Court's opinion applies to the sale of such articles which are clearly displayed and intended to be used in the violation of the law. Every person has seen law-defying displays. They were a constant challenge to the law and it was time, if only for the sake of decency, that so flaunting a defiance of the law should be called to account.

"A stunning effect upon the enemies of prohibition" is seen by the ALTOONA MIRROR, while the JERSEY CITY JOURNAL remarks that successive decisions "remind the nation that the Constitution is the voice of the people and therefore the law of the land." The CHARLESTON EVENING POST views the decision as one which "may be in practical effect one of the most far-reaching Federal courts have thus far made in the prohibition situation"; that it strikes a body blow at both home brewing and moonshining; and that "the whisky manufacturing business is certain to feel its effects."

As the situation is summed up by the JANEVILLE DAILY GAZETTE: "When stores sell flasks, malt, mixtures for brews, worms for stills and all the paraphernalia that goes with a 'cider' and 'botlers' business it would seem to suggest' that it was for illicit purposes. The government has recognized this now in a court decision and the still owner who uses, and the seller of these articles for illegal liquor traffic are held prima facie guilty of violation of the law."

No more powerful weapon has been placed in the hands of the agencies charged with the enforcement of the prohibition law "in the judgment of the SALT LAKE DESERET NEWS while in justification the LONG BEACH PRESS-TELEGRAM says: "The man who questions the fairness of such regulations would not question a law that forbids the sale of firearms for illegal purposes. No honorable dealer would knowingly sell a pass key to a burglar."

Doubt is expressed, however, by the BALTIMORE SUN, with the statement that "at the very worst, so far this decision is concerned, the home brewer is faced with inconvenience, and it may be that it will be no loss to be possible to buy all his necessities in one shop." The DETROIT FREE PRESS offers the judgment: "While the wets unquestionably will consider the decision a 'dry one,' they may find it difficult to dig up any very substantial counter legal arguments. The practical effect of the decision is another matter. That the ruling will accomplish much in the end toward promotion of the enforcement of prohibition seems highly doubtful."

The HARTFORD DAILY TIMES maintains that "obviously the law is easy to evade, while the HAVERTY HILL GAZETTE doubts that the decision 'will seriously impair the business of supplying the market for containers of liquor,' and the OMAHA WORLD-HEARLD holds that government has a hard row to hoe," and states in support of that idea: "Distillation is so easy and simple. So is fermentation. So is brewing. Nearly everything that grows will produce intoxicants. Any kind of container to liquids will hold them. The country is full of basements and attics and lonely buildings and holes in the wall of streets and alleys that may be traveled in darkness, and of men hungry for the huge profits that accrue from cheating the law. Successfully to bottle them up to close every avenue against them, comes

close to involving the bottling up of everybody else and the closing of everybody else's avenues."

"Not the doing of the thing but being able to do it," protests the AKRON BEACON JOURNAL, "seems to be the test. By this test, then, every man that has a cellar, really a suspect of any murder that may be committed with such a weapon." The CHAMPAIGN NEWS-GAZETTE, suggesting further extensions, exclaims: "Imagine how silly it will look when a big husky enforcement agent drags a dandelion into court and charges it with crime on the strict liability of the prohibition law which prohibits even this far-flung conspiracy to violate the Eighteenth amendment!"

Wooden Indian Landmark Stolen

STEUBENVILLE, O., May 20.—The only cigar store Indian in this section of the state was stolen from the sidewalk, in front of Andrew Coburn's place of business here, despite that it was padlocked with a

heavy chain to concrete blocks. Steel chains were chisled. The wooden Indian, regarded by Coburn as priceless as a relic, had been in constant use in Steubenville 90 years. The figure stood six feet high. Police believe that it was stolen with the idea of selling it to a collector of antiques.

Old Family Graveyards Can Still Be Seen In Some Parts Of County

Lawrence county is dotted with old family burying places. The old and crumbling markers can be seen in many out of the way spots and invariably, the sight of a clump of these gravestones sends one's thoughts back to the Revolutionary war days.

Long ago, it was the usual thing for a settler to set aside a knoll as a family graveyard. Each family had its own plot set aside for the harvest of the grim reaper. It is probable that many of the soldiers of the Revolutionary war lie in out of the way corners on local farms, or right here in New Castle, which was then given to them by the state.

According to an old record owned by Mrs. Olive M. Scott, of North Crawford avenue, it was not until 1804 that New Castle had a public graveyard. It was on land adjoining Greenwood cemetery on the south Jesse DuShane, Robert Irwin, Frank Ward and Jared Irwin, pioneer citizens, purchased the land from Cornelius Hendrickson, and after selecting space for their several families, opened the graveyard to the public, free. After the family graveyard had

passed and before the public cemetery gained favor, deceased were buried in the "Church graveyard." Many of the older citizens of New Castle can remember their parents speak of the church graveyard. Over a hundred years ago there was the Methodist Episcopal and the Seceder, according to Mrs. Scott's article. The M. E. church and graveyard were on South Jefferson street. It was built about 1814. Later, the German Catholic church was built on the same location.

The Seceder church was one-half square above North street, facing Beaver street, which was then open only to the north line of the town plot. The graveyard was on three sides of the church. When Beaver street was opened, it passed over many of the graves. There was another old church cemetery on East Washington street, just opposite where Walnut street enters. Strange to say, signs of these church cemeteries are more difficult to find than the old family graves. Local people say there are family graveyards near Edenburg, near Harlansburg and on the old Frew Mill road.

Briand would not have business, or finance, control the new federation. That, you will admit, is almost Bolshevism.

Let M. Briand come here and learn something. He will find 48 states bowing submissively to the government of corporation and high finance, accepting, as though brought down by Moses the command:

"Thou shalt not let this government engage in any kind of business. It is not capable or honest enough to manage anything."

Max Valiergn, inventor and builder of the rocket-propelled automobile and airship, is dead, killed in one of his experiments. Only 35 years old.

Auto Seizures Must Be Under Dry Act, Rule

Owners Can Recover If Ignorant
Car Was Carrying
Rum

WASHINGTON, May 20.—Automobiles seized by the Government for the unlawful transportation of liquor must be confiscated under the prohibition law.

The supreme court made this ruling today in a unanimous decision rendered by Justice Stone.

Under it, lien holders and owners will be able to recover their automobiles when so seized if they satisfy the courts that the unlawful use of the automobile had not been authorized.

The decision is of importance to financing companies which annually hold liens of approximately \$2,000,000,000 on automobiles.

The Government sought to obtain a ruling under which it could exercise its discretion whether to bring condemnation proceedings against the automobile under the internal revenue law. Then the owners and lien holders would have no opportunity to recover.

The decision applies only to automobiles seized while being used in the unlawful transportation of liquor.

Butler Has Drop In Population

BUTLER, Pa., May 20.—Tentative figures given out by Orville Brown of New Castle, census supervisor of the district, showed that the population of Butler was 431 fewer than the 23,778 credited to the city in 1920.

W. J. Ewing and Miss Freda Unger of the New Castle office of the census supervisor, spent Saturday in Butler to check upon the listings. In the last two days, 115 persons have reported to the Butler board of commerce that they had not been listed by the census takers.

These listings reduce the shortage to 316. Supervisor Brown has given until Wednesday night for others who have been overlooked to be registered at the board of commerce office.

The loss in population in 10 years is credited partly to removals to suburban communities and changes in industrial conditions.

Mercer Residents Plan Garden Party

Annual Event For Benefit Of
Orphans' Home Will Be
Held June 26

MERCER, Pa., May 20.—The Garden Party of the Mercer County Children's Aid Societies will be held on the court house lawn as has been the custom for the last few years on the date of June 26th.

The party is the sole medium of raising funds for the maintenance of the home in which are housed 30 orphans the year round. Rain the last few years has militated seriously against the crowds which are necessary to make the venture profitable. The program will be on the same order as has been customary, a program of music in the afternoon and evening with the performers contributing their services.

TO ATTEND CHURCH ASSEMBLY
Prof. W. M. Johnson county superintendent of schools-elect will be one of the commissioners from the Mercer Presbytery of the United Presbyterian church to attend the General Assembly meeting of the church held at Des Moines, Ia., starting on the date of May 28th.

He is one of the Mercer churchmen that will function as commissioners at assemblies of their respective churches. S. S. Smith attends in this capacity the assembly of the Presbyterian church at Cincinnati.

acres of oats sown. There will be 12 acres of corn under cultivation and 42 of potatoes when the crop planting is all done.

The farm has 15 acres of wheat land reported to be just fair.

ISSUE MERCANTILE TAX
To date 800 mercantile licenses have been issued at the office of the county treasurer. The merchants have until September to make this tax payment.

FREDONIA BOY HONORED

Lester Marsteller, 13 year old son of Mr. and Mrs. Jay Marsteller of the Fredonia community, is the first Mercer County boy to be awarded a gold medal for his work in the county Calf clubs.

Young Marsteller is the first out of 60 boys and girls so engaged in six Mercer County clubs reports Farm Agent W. S. Hagar who is in receipt of a detailed statement of the three years work of young Marsteller which is very interesting.

The basketball players of the six clubs will be given an opportunity to show their stuff next Tuesday evening at the Grove City High gymnasium when a team of the Sandy Lake and Fredonia clubs play a team of the Grove City and Millbrook clubs.

All club members are urged to be present at this meeting along with their parents.

WHEAT CROP POOR

The wheat crop of 1930 will add nothing to the crop history of Mercer county, say growers. The crop is rated among the worst in the county. The open winter with very little snow accounts for the condition.

Even Bingo Is Taboo In Beaver

BEAVER, Pa., May 20.—Bingo and darn games, paddle wheels of fortune and all such games of chance will be taboo in Beaver County from now on, Sheriff William V. Kennedy announced today.

This action is taken, Sheriff Kennedy said, on advice of President Judge Frank E. Reader and District Attorney J. Blain McGoun.

Last fall local organizations were not permitted to conduct bingo games the sheriff said. The officials reasoned that if local organizations were not permitted to operate games of chance, carnivals, circuses, etc. should not be allowed to come into the valley and operate similar games.

Driver's Neck Broken When Auto Skids

AMBRIDGE, Pa., May 20.—Michael Mirkale, Ambridge driver, was dead when, passing motorists, extricated him from a demolished machine. He suffered a broken neck, a fracture of the skull, crushed chest, fractured collar bone, fracture of the left arm and numerous cuts and bruises about the body. His companion, Eusan Cerkovokoch, 713 Duquesne, was cut and bruised about the body.

The accident occurred when their automobile skidded on the Allegheny South Heights road and crashed against a steel pole.

Bo Broadway

by JOSEPH VAN RAALTE

By Central Press
NEW YORK, May 20.—When the recent freak heat wave of record proportions hit the city, I wondered why Broadway dealers were neglecting to rush straw hats into the show windows and advertising columns. Nary a straw headpiece appeared on Broadway, Fifth avenue or in the smart shops in the cross streets.

Yet, Sixth, Seventh and Eighth avenues had plenty on display. Inquiry revealed that wholesalers and high class retail stores had entered into an agreement not to advertise or sell straws until May 19th, come heat, hail or high water.

The last displayed by dealers not in the fold were bootlegged from last season.

BOEWY SPEAKASIES.

A St. Louis correspondent gave me badlyshoveled, and intimated I am a "bum reporter" because I challenged the statement of the Bishop of the bowery that speakasies along that thoroughfare were all gone. All right, St. Louis, get a load of this.

Elmer Galloway, executive secretary of the Bowery Young Men's Christian Association, just made a survey and found "seventy-two speakasies in just the section we canvassed, and most of these trade 10-cent drinks of questionable origin for meal tickets worth 15 cents, thereby making a tidy double-edged profit."

Mr. Galloway only took in the section from Cooper Union down to Park Row, and not the entire district. He also found, he said, that the speakasies held their customers by financing them over hard times, and estimated that 3,000 credit customers "are sleeping and making social rendezvous of these places."

St. Louis, old timer, there are more

things in the Bowery than you'll find in your Sears-Roebuck.

AFTERMATH

The filing of brief in the legal fight between the Prudential Life Insurance Co. and Lorraine Snyder, daughter of Ruth Snyder, is the final maneuver in the infamous Snyder-Gray case. And while the legal lights fight for the \$100,000 insurance money for which her mother and her mother's lover killed her father, Lorraine goes through the days at a boarding school, ignoring as best she can the curiosity of her schoolmates.

She no longer believes that "mamma has gone away on a long trip." She knows the whole sordid truth now, and it would be interesting to read her thoughts.

The prosecutor who sent the child's mother to the chair died last week. Wonder what happened when he met Ruth and Judd? That would be news.

LOST GLORY

The oldest theatre in New York is about to give up the ghost. The Thalia, formerly the Old Bowery Theatre, where Charlotte Cushman, Edwin Forrest, Mrs. John Drew, Julia Dean and George Holland played, and where Booth stalked the boards and Lillian Russ 1 scene, is to be turned into a garage.

It is 104 years old and has been five times almost destroyed by fire—the last time on June 15, 1929, when it was occupied by a Chinese stock company. New York's fashionable set years ago occupied its stalls, and the street in front of it at one time was lined with carriages.

CENSORED

The word has gone forth from the office of Will H. Mays, so-called Czar of the movies, that the advertising gentlemen of the industry must unsex their copy. Lacking any other punch, the boys could always give the bimbo who run the movie houses a selling argument by inserting plenty of lace, lingerie and less. Now it's all out, and any flash of flesh will point the way to the rest-exit for the absent-minded gent who pulls it.

Maybe the new move in department store advertising and the Sunday Times roto section lingerie displays provided such keen competition that the movie boys couldn't keep up the pace.

ADD RATINGS

There's that nice Catherine Healey of the Messrs. Shubert forces. If you ever think of marrying her—and you'd be surprised how many young men do—be sure you put just the right curve on your proposal. "e young man who told her, e descending, the other day, that he wouldn't mind it a bit if she married him, that in her train of thought he was only the caboose.

Pope To Broadcast On 29th Of June

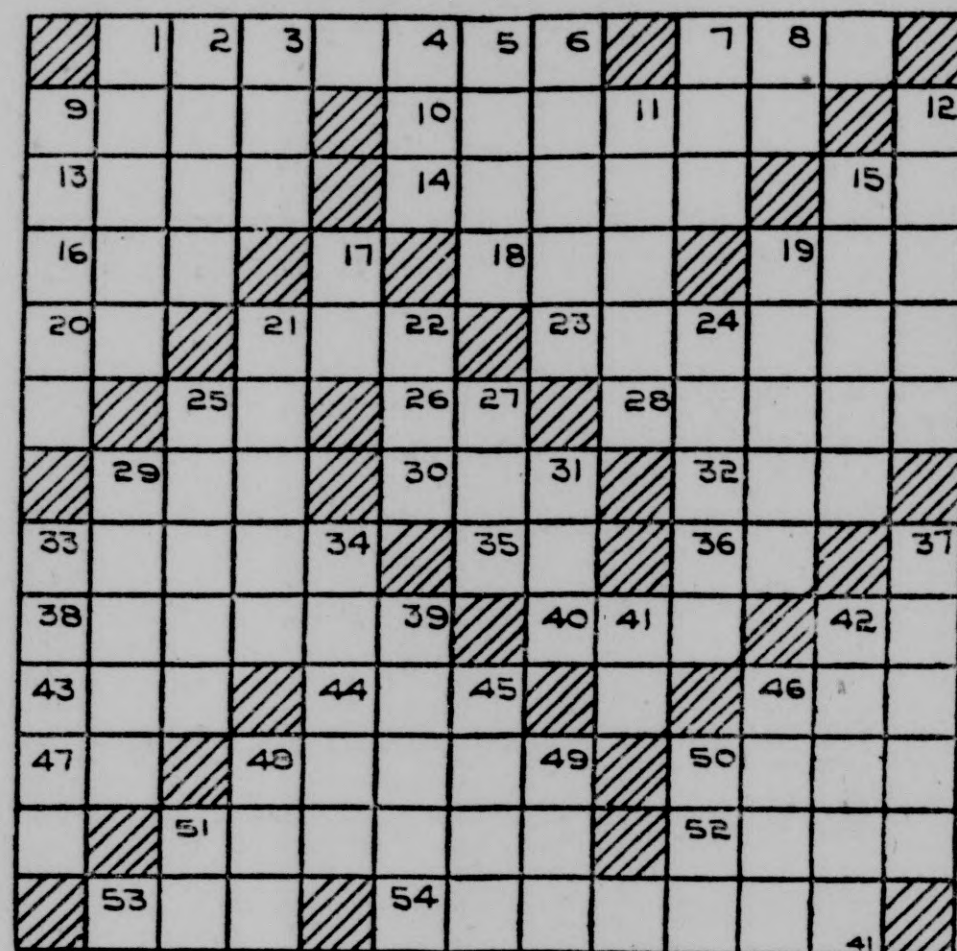

(International News Service)
VATICAN CITY, May 20.—Every wireless amateur on June 29 next will be able to get a message from His Holiness Pius XII. It will be a brief communication in which the Pope launches throughout the spaces an appeal for peace and international love between all nations.

This message will be sent by the new wireless plant of Vatican City, which it is hoped to be in working order before the end of June. The opening of the new station has been tentatively scheduled for June 29, that being the St. Peter and St. Paul day. After the Pope's message to the whole world, the station will send out messages to all the Sovereigns and Chiefs of States having diplomatic relations with the Holy See. Afterwards, wishing messages will be addressed to all wireless stations operated by missionaries in Alaska, Tokio, etc.

Now and then the real reason for some startling success is that his vocation and his hobby happened to be identical.

When Henry Ford said he wanted an old windmill for his collection of antiques he didn't mean a congressman.

Peter's Adventures

FAIR WARNING

The Despot looked about him and Peter, watching from the bank, could see that the poor monster was quite bewildered.

"You say I attacked your friends!" the Despot fairly stuttered, he was so frightened. Never in all his life had he ever been so talked to. "Pardon me, sir, I'm sure I didn't mean to."

"That doesn't make any difference," replied Peter sternly. "He who hurts my friends hurts me, and I must avenge the wrongs you have done unto others. You may be the Despot of the Pool, but I am master on the land and I warn you—keep your distance!"

"C-c-can you come into the w-w-water?" stammered the Despot. "Of course," said Peter. "All I have to do is to tumble in and you'll find to your sorrow that I can swim every bit as well as you. And say, fellow, you ought to see me dive! I could come up under you and throw you on your back before you knew what had happened. My dear fellow, you'd be no match for me at all if I happened to take it into my head to catch you just as one of these fine days I am going to do if you don't turn over a new leaf and leave my best friends alone."

"W-w-who are your best friends?" demanded the Despot. "And while you are answering questions tell me who you are? Are you a fish, perhaps, or a frog? or some green fly?"

"I am neither," Peter chuckled. "But I am one who knows you well, and I warn you unless you change your habits there's trouble in store for you. As for my best friends—well, I like most of the pool people, but I am extremely fond of your cousins, the Great Water Beetles."

"Of all my relatives I like the Great Water Beetles the best," declared the Despot.

Five Accompanists For College Pageant

Miss Margaret Reed Is General Chairman Of Music For Pageant

(Special To The News)
NEW WILMINGTON, Pa., May 20.—Miss Margaret Reed, Butler, salutatorian of the senior class at Westminster college, is general chairman of the music committee for the annual May pageant to be presented Saturday afternoon at 4:30.

Five student accompanists will furnish the music for the various dances in the pageant tableau. The students are Miss Catherine McClure, Blairsville; Miss Margaret Reed, Butler; Miss Edith Round, New Castle; Miss Eleanor Graham, Pittsburgh; and Lewis Perkins, Sharon, and Miss Claire Gross, Ligonier.

There are 10 separate tableaux in the great outdoor show, and there is musical accompaniment for each of these different parts of the pageant. These tableaux are: people, scientists, science, disease, mosquitoes, vision, cotton, cotton pickers, boll weevil, fire, Japanese beetle, Praying Mantis, corn, corn borers, butterflies, moths, clover, bees, the flea circus and the Pitt squad.

College Y. W. Group Picks Six Delegates

NEW WILMINGTON, Pa., May 20.—The Westminster college Y. W. C. A. has selected six co-eds to attend the annual summer conference on student religious work. The conference, usually held at Eaglesmere, Pa., will this year be held at Forest Park in the Pocano mountains. Five hundred delegates from schools and colleges in Pennsylvania, Maryland and West Virginia will be in attendance.

The Westminster group includes: Mary Lou Braham, Butler; Louise Moreland, Jamestown; Louise Adams, New Wilmington; Jeannette Welsh Homestead; Naomi Allen, Pittsburgh; and Annabel Stevenson, Bellevue.

Nova Scotia Slayer Is Put To Death On Grim Gallows Today

Ingvald Anderson, New Hampshire Athlete, Champion Ski Is Executed

(International News Service)
SYDNEY, N. S., May 20.—Calmly and almost indifferent to his fate, Ingvald "Bing" Anderson, champion ski jumper, was hanged here early today. He was convicted of the murder of a Sydney hotel clerk.

The trap was sprung at 12 minutes after 1 o'clock.

Shortly before his death the New Hampshire athlete joked and laughed and sang songs of his childhood.

"How are all the boys back in Berlin?" he asked Alfred Halvorsen, secretary of the Nansen Ski club of Berlin, New Hampshire, who visited Anderson in his cell last night. He also asked as to his mother's health.

To his lawyer Anderson said: "I am sorry it turned out this way, but thanks just the same. I know you did everything that could be done for me."

After saying his last goodbyes, the stolid Anderson sat quietly waiting his summons to death.

Anderson, who was the champion ski jumper of New England, was found guilty of the murder here in February of Debris Remberg, night clerk in a hotel where Anderson was a guest. Appeals of higher courts to save the athlete's life were fruitless.

Ends Piles Quick

No Salves or Cutting

Piles are caused by congestion of blood in the lower bowel. Only an internal medicine can remove the cause. That's why salves and cutting fail. HEM-ROID, the prescription of Dr. J. S. Leonard, removes this congestion and strengthens the affected parts.

HEM-ROID is now sold by druggists everywhere, and has such a wonderful record of success even in chronic and stubborn cases that McKee's or Eckerd's invites every Pile sufferer to try HEM-ROID and guarantee money-back if it does not end all Pile misery.

New Anti-Pain Oil Works Wonders

Takes the Crick Out of Your Neck. The sharp shooting pains out of the shoulders—in a few minutes.

This new discovery is a combination of eucalyptus together with essential oils, turpentine-camphor, capsaicin and other valuable ingredients that is now being offered to the public under the name of "Anti-Pain Oil," formerly known as Snake Oil. It has proved to be an effective, agreeable remedy for aches and pains, chest colds, flu, coughs, etc. Thousands of sufferers are now being relieved by this new penetrating oil.

For rheumatic pains, neuritis, crick in the neck, sharp shooting pains in the shoulder, stiff joints and sore muscles, apply freely to affected parts. The oil quickly penetrates, bringing relief almost like magic. For chest colds, flu and sore throat, apply freely to affected parts, well greased with vaseline or lard. For coughs or hoarseness take ten drops on a lump of sugar.

Don't continue to suffer longer. Use this new and improved remedy, perfected after years of research and experimental work, instead of poisonous habit forming drugs. You will then know what it means to be free from pain.

Refuse imitations. Nothing like this new Anti-Pain Oil formerly known as Snake Oil. Special introductory generous size bottle for 10c. Now being sold and introduced by Eckerd's of New Castle, Inc.

Franklin Students To Stage Operetta Thursday Afternoon

"The Feast Of The Little Lanterns" To Be Produced By Franklin Players

On Thursday afternoon at 2:00 o'clock in the auditorium of the Benjamin Franklin Junior high school, the students of that school will put on their final entertainment of this school year when "The Feast of the Little Lanterns," a Chinese operetta will be staged. The same operetta will be produced on Thursday evening.

A chorus of 100 well trained voices under the direction of Miss Esther Gibbons will be one of the features of the show. The same chorus that competed in the Musical Contest here several weeks will be present in the operetta. Miss Joyce Wingerd is in charge of the dramatic end of the show while Miss Muriel Findley has charge of the dancers.

Rehearsals have been going for over a month and the student players will be prepared to give their best when the curtains go up on Thursday afternoon and evening.

Graduation Week Dates At Senior High Announced

Principal F. L. Orth of the senior high school announced today that the baccalaureate service for the graduating class of June will be held in the auditorium of the senior high school

on Sunday evening, June 1. Rev. Samuel L. Maxwell of the Epworth M. E. church will deliver the sermon. Principal Orth also stated that the class night exercises will be replaced by a dinner dance to be staged in the dining room of the Cathedral on Tuesday night, June 3. The commencement exercise will be held in the auditorium of the Benjamin Franklin Junior High school on Friday night June 6.

Library Shelves Are Over-Crowded

Third Floor Of Library Building Will Be Used For Duplicate Books

"It was the books I borrowed from the New Castle public library in the days when I was a train boy and too poor to buy them, that gave me the scientific information I needed for my early experiments. I cannot be too grateful for the library privileges accorded me and I hope we may speed the time when every boy in America—as well as every girl and every man and woman—may have free access to books."

While every boy and girl and every man and woman in New Castle has in theory free access to books at the public library, if everyone of the fifty odd thousand availed himself of the privilege, the library would be considerably embarrassed. This is only fifty-seven one-hundredths of a book per person. Yet the library shelves are overcrowded and the only space for more shelving is on the third floor. New shelving will be placed there this season, and used for duplicates and books seldom used.

The library is now nearly as crowded as it was in the former quarters in the Park Building, from which it was moved four years ago.

Warehouse Fire In Pittsburgh Is Damage Of \$50,000

Warehouse And Two Adjacent Structures Destroyed By Flames

PITTSBURGH, May 20.—Damage wrought by a spectacular warehouse fire in which the warehouse was destroyed and two adjacent structures damaged last night was estimated today at \$50,000.

The fire broke out in the Red Line Transfer and Storage, and spread rapidly through the building. Burning embers were carried by high wind to nearby buildings and firemen fighting the blaze were hampered by a series of gasoline explosions in an adjoining garage.

Forty trucks and private cars were driven from the garage at the height of the blaze.

Senator Reed Votes By Mail

Senator Reed Detained In Washington By Committee Meeting, Mails His Vote

(International News Service) WASHINGTON, May 20.—Detained in the Capital by an important meeting of the Foreign Relations Committee in regard to the London Naval Treaty, Senator David A. Reed (R) of Pennsylvania, voted by mail in Pennsylvania's hotly contested primary today.

Senator Reed's ballot was forwarded to Pittsburgh where he resides. With the exception of Stephen G. Porter, who is a patient in a local hospital, all members of the Pittsburgh delegation in the lower house planned to be home in time to cast their votes.

Rep. Porter's vote was cast by mail.

Shoots Man While Fishing On His Land; Is Released

KANE, Pa., May 20.—Robert Welsh of Keating Summit, charged with shooting Nicholas Georgetown, prominent citizen of Port Allegany, near here, has been released from jail on \$2,500 bail. The shooting grew out of the fact that Welsh had posted his land against trespass by fishermen. Georgetown, while on a trout fishing trip, took a short cut across Welsh's farm and it is alleged that Welsh fired upon him with a shotgun without warning. Georgetown was painfully, but not seriously injured, although he had to spend several days in a hospital.

Funny Clowns And Pretty Girls Will Feature Circus

John Robinson's circus, now making its 107th annual tour of America, and which comes to New Castle for afternoon and night exhibitions on Saturday, May 31, claims to have an escadille of the best clowns in laughter, as well as scores of charming, pretty and graceful girls. Only "Joey's" knowing the art of extracting laughs from the kiddies and elders in a clean manner are contracted, while the equestrian director demands pulchritude from the girls, as well as performing ability.

Among the comely girl artists with this famous circus are the Daye sisters, Stella Cronin, Ruth Hendryx, Bertha Denham, Dollie Floyd, Madge Zumwalt, Bobbie Glavitch, Billy Burton, Marie Morgan, Hazel Hill, Alice Anderson and Jane Johnson. All of these feminine stars appear in the amazing aerial ballet.

Horace Laid, Silvers Johnson, Jack Albion, Larry Anderson, Charley Browley and Hal Nicholson are some of the funsters that will dispense the latest brand of comedy. Forty-nine "Joey's" will be in evidence throughout the lengthy program, which opens with the exotic new sensation, "Cleopatra, Queen of Egypt."

High Cost Of Illness

"The high cost of illness is receiving its fair share of discussion these days. And there can be no doubt that dollars and cents properly occupy a place in this problem of medical care. Indeed, unless one is the object of charity, most any kind of indisposition of a serious nature which includes operating and hospital expenses is likely to call for a fair sized expenditure of money," said Doctor Theodore B. Appel, state secretary of health, today.

"The situation finds its cause in the present-day scientific treatment of maladies which is very different from the less elaborate and less effective methods of combating diseases a generation or more ago. Costs quite necessarily and most logically have increased."

"In this connection a recent survey by a large insurance company showed the rather astonishing fact that 3,281 families located in industrial centres throughout the nation last year spent an average of \$140 for medical care. Compared on the basis of results obtained, in most instances the amount can be considered to have been negligible. However, viewed solely from the check book, being sick may be

Prayer In Congress

The house met at 12 o'clock noon. The chaplain, Rev. James Shera Montgomery, D. D., offered the following prayer:

How manifest are Thy mercies, O God, and nothing shall be able to separate us from Thy providence. To us Thou art a perennial spring by the traveler's way, a guiding star in the night of uncertainty and darkness, and a refuge unmoved and unmovable forever. We have learned that it is not in vain to call upon Thee in the emergencies of human experience. May this divine word possess our hearts, "Thy will be done." Whatever may come of care and burden and trial, sanctify them in strength, patience, humility, trust, and victory. O let there come honor and peace to everyone that worketh good. In the name of our Savior, Amen.

Garbage Growing Heavy In City

Approximately 590 tons of garbage were collected and incinerated at the city garbage plant during April, according to Howard Phillips, superintendent of the plan. He said that garbage has grown heavy during the past few weeks. In addition to this amount of garbage collected by city employees 100 loads were hauled away by other than city employees.

Mulleintowners Plan For Coming Reunion

Mulleintowners were out in force last night in attendance at the meeting held in the West Side school for the purpose of forming a reunion organization.

J. Herb McIlvenny was in the saddle and from his statement of facts as presented to the crowd the reunion will be one of the events of the Twentieth Century and J. Herb does not mean maybe. In order to get things moving for the reunion he selected Daniel J. Reebie as chairman of the committee of arrangements. Dan has a big job on hands but will be equal to the occasion as he can select any one on his committee and work will be one of the requisites.

It has not been definitely decided where the reunion will be held but it will be at some place nearby to be decided upon later. In order to have a past master in charge of the Transportation J. Herb selected Harry Alexander one of the youngest members of the old school and who runs the Pennsylvania Railroad for so many years to look after this feature. That it will be cared for in an able manner goes without saying as he immediately put Frank Carson in charge. Frank has had so much experience in this line that he selected a stenographer at once and Mrs. Hattie Sankey Leighty is to be his left lieutenant.

There will be pie, cake and all other things at the reunion as the Mulleintowners still like to eat and Ina Brown Fullerton has been put in charge of the refreshments. That is she will look after the good things to eat and if any one wants their pop they will have to bring their own. She promises to have an able committee to assist her.

Hugh Hannon will look after the entertainment. Just what Hugh has in mind is not known, as he is not telling but it will be worth while. Then J. Herman Workman will be in charge of the sports. He promises Shimney, Duck and Davy leap frog, London Lue, Hop Scotch and such other childish games of forty years ago, as if any one could remember that far back.

George Glass has promised to gather together all the old pictures of former school pupils he can get his hands on and then let the crowd do some guessing. Autograph albums that did service many years ago will also be dusted and be on exhibition. As there are a good many of these used books to be found they should prove most interesting and entertaining.

Another meeting will be held before final arrangements are made for the reunion. At this time refreshments will be served.

Woman Inspector Wins Her Point

Pittsburgh Woman Denied Right To Be Poll Inspector, Wins Her Appeal

(International News Service) —PITTSBURGH, May 20.—A lone woman haled the entire election board of the fifth district, first ward, before the county commissioners today in the first primary election day wrangle and emerged from the wrangle triumphant.

Mrs. Lillian Kramer, refused permission to sit as inspector on the board on the ground that she had received the second highest vote on the Republican ticket and that Miss Rebecca Selker who had been given the largest vote on the Democratic ticket was entitled to be minority inspector, promptly disputed the decision.

On her demand, election board members closed the polling place and adjourned to the bureau of elections where Mrs. Kramer's contention was sustained.

The board returned to the polls with Mrs. Kramer sitting as minority inspector.

Pageant Director Works On Eighth Outdoor Spectacle

NEW WILMINGTON Pa., May 20.

—Mrs. Mary C. McConagha, director of the Westminster College May pageant to be presented on Saturday afternoon of this week, has superintended the presentation of seven other outdoor spectacles since coming to Westminster in 1923.

Mrs. McConagha teaches public speaking and pagentry in the college and is dean of the Cummings house, girls dormitory. Her class in pagentry writes the book of the pageant each year, so that Westminster

has one of the few original pageants in the east.

Mrs. McConagha was graduated from Slippery Rock State Teachers College, from the National School of Elocution and Oratory, and from Geneva College. She has taken graduate work at the University of Chicago, the University of Michigan, and Columbia University.

She came to Westminster in 1923 after being connected with the faculties of Muskingum and Geneva colleges. At Muskingum she was dean of women and instructors in speech; while at Geneva she was professor of speech. Mrs. McConagha is the author of "Story Telling Outline" which is used in many schools.

Youth Repudiates Alleged Confession He Murdered Woman

"Was Nervous And Excited By Third Degree" Youth In Chicago Says Today

(International News Service)

CHICAGO, May 20.—Declaring that he was "nervous and excited" William Putscher, 19, today repudiated an earlier confession that he was the ribbon strangler of Mrs. Mildred Helsing, a bride of six months, in her apartment here.

Held by the Berwyn police on charges of having committed more than 100 burglaries in Berwyn and other nearby suburbs, Putscher stood by his reported admission that he had entered scores of homes, and that he had been in Mrs. Helsing's neighborhood on the day of the murder, but denied being her strangler.

Putscher's denial was made as he was about to be taken to the scene of the Helsing slaying.

"I confessed because I was nervous and excited," Putscher said. "They told me they'd pin it on me anyway, and I confessed so they wouldn't work on me."

Aircraft Clubs Have Interesting Trip To Akron

Thirty In Party Making Trip Saturday; Other News Of Seventh Ward

Members of the aircraft clubs of Mahoning and George Washington junior high school had a most enjoyable trip Saturday when they journeyed to Akron to visit the airship factory and dock of the Goodyear Zeppelin corporation. The trip was sponsored by T. N. Hockman and co-sponsors H. Vahne, teacher at George Washington, and A. Brown and W. Leach, teachers at Mahoning school. The trip was made over the Baltimore & Ohio. They assembled at the union station in Akron and went from there by bus to the airport. The building visited is the largest structure in the world without interior supports. The length is 1175 feet, width 325 feet and height 211 feet. In this hangar the students saw the construction of one of the Zeppelins being built for the navy. This Zeppelin will be 785 feet long, 146 feet wide and has eight motors capable of 4500 horsepower. The golden rivet driven by Admiral Moffat marking the beginning of the construction, was shown the students. The group was given a fine instructive talk by the guide. They also saw one of the blimps being refilled with helium gas. On both ends of the hangar are two vertical doors that open horizontally from the center outward. Each door weighs 600 tons and the opening and closing is regulated by 125 horsepower motor on each door. Only five minutes is required for the operation.

After spending some time at the hangar the party went and had lunch and then returned again to the airport, where previously arrangements had been made by T. N. Hockman for flights to be taken by the students. All but a few of the boys took the opportunity to ride in an airplane. The rest of the time until train time was spent in sight seeing in Akron.

The majority of the boys making the trip were from Mahoning school, there being a few from George Washington. The party included William Basterfield, Joe Coarross, Russell Basterfield, Wilbur Thompson, Glenn McClure, George Horchler, Tom Schnebly, Everett Jones, Burton Jones, William Fehl, Tom Armstrong, Robert Gwin, Ray Carlin, Joe Cunningham, James Reichert, William Jones, Oliver Hockman, Charles Tetlow, Norval

Complete Check Of Rural Routes

Roads And Letter Boxes Are
Inspected; R. D. 8 Only
Route Not Covered

Inspection of every rural mail route served by the New Castle post office, with one exception of R. D. 8, has been completed, Postmaster E. W. Crawford announced today. The annual tour of the routes commenced over a week ago.

Officials accompanied the eight different carriers over their respective routes, noting the condition of the roads traveled over, the condition of the mail boxes and noting what improvements might be made.

Superintendent E. M. McBride of the Mahoningtown sub-station will inspect Route 8 within the near future. This route is served by a carrier out of that station.

Postmaster Crawford states that data secured will immediately be forwarded to Washington, D. C. to be placed on file in the department records for future reference.

Ask Dismissal Of Rail Application

Wheeling And Lake Erie Railroad Asks Commission Dismiss Control Application

(International News Service) WASHINGTON, May 20.—The Wheeling and Lake Erie Railroad today asked the Interstate Commerce commission to dismiss the application of the Wabash Nickel Plate and Pittsburgh and West Virginia to acquire its control.

It was explained that 9 per cent of the stock of the Wabash is owned by the Pennsylvania company, a holding company for the Pennsylvania Railroad, while 74 per cent of the Virginia is owned by the Pennrod Corp. another Pennsylvania railroad holding company.

"This constitutes and inter-system interest by the Pennsylvania Railroad in the Wabash and Pittsburgh and West Virginia sufficient to deprive

them of their independence and inconsistent with the direction of the commission set forth in its consolidation plan," the petition said.

Baker Pleads Guilty To Murder

(BULLETIN)
(International News Service) NEW YORK, May 20.—"Texas Jim" Baker, who boasts of ten murder notches on his gun, today unexpectedly pleaded guilty to second degree murder in connection with the slaying of Henry Gaw, watchman at the Guggenheim laboratory.

The plea saved the western boy from a possible first-degree conviction with death in the electric chair. He will be sentenced instead to twenty years to life in Sing Sing prison.

Baker, extradited from Michigan, for the poison murder of Gaw, made his plea today while selection of the jury for his trial was still going on.

In giving his pedigree he gave his religion as "atheist."

FURNACE ELIMINATES COAL GAS MENACE

Steel Torrid Zone, Hot-riveted and Cold-calked at the Seams, is Gas-tight and Dust-tight

Years after it's installed, you can bank this wonderful furnace for the night with complete assurance that you and your family are safe from deadly carbon monoxide gas and from dust and smoke. The secret is in the way this furnace is designed and built.

The Lennox Torrid Zone is made of steel plate—and for strength and safety it is hot-riveted and cold-calked just like the law requires a locomotive boiler to be made. Every part of the Torrid Zone is as tight as a drum—even your cellar will be more dustless than you ever dreamed it could be because of the unusually snug-fitting doors.

In thousands of homes this remarkable furnace is contributing to comfort, health and economy. Through its efficient design and construction it saves every kind of fuel. It is designed for hard or soft coal, coke, lignite, wood, gas or oil. Made by the Lennox Furnace Company, Syracuse, N. Y.—Marshalltown, Iowa—Toronto, Canada.

Let us show you all its features. We have a free booklet, too, in which you will be interested. Plans and estimates quickly furnished.

Charge Extortion To Butler Man

(International News Service) BUTLER, Pa., May 20.—J. C. King, 51, was remanded to jail in lieu of \$3,000 bond today on four charges of extortion in connection with threatening letters received by Butler county business men.

King is alleged to have sent threatening missives to bankers and business men of this city and to G. J. Meyers, of the Millertown National Bank at Chicora.

Bell Telephone Company Starts Work On Conduit

Underground Cable Will Be Laid
Between New Castle And
Pittsburgh

Announcement that the Bell Telephone Company of Pennsylvania has begun work on the construction of a conduit between Pittsburgh and New Castle, as a prelude to placing a new telephone cable in service, was made today by W. R. Bingham, district manager.

The project, which the Bell Company is carrying out in cooperation with the American Telephone and Telegraph Company, will necessitate an estimated expenditure of \$72,000 by the Bell company. The work is scheduled for completion by next December.

The cable will provide the telephone company with additional facilities to care for the constantly increasing volume of toll service between New Castle and Pittsburgh, and intermediate points, Mr. Bingham explained.

New Method For Oil Curtailment Will Be Tested

(International News Service) BRADFORD, Pa., May 20.—Adoption of a new method to curtail oil production by every producer reducing his production for the period from May 16 to May 30 and from June 1 to June 30 to the extent that production of oil shall not exceed 90 per cent of the oil runs of the producer for the month of April was decided upon today by the northwestern Pennsylvania oil producers association.

The new plan follows the discarding of another curtailment effort which contemplated the stoppage of operations in the Bradford field for 36 hours every week for five successive weeks. Producers scrapped the plan after trying it out last Saturday.

Details of bringing about the decrease provided in the new plan are left to the individual producer.

Oil operators with holdings in the Allegheny, N. Y., field will hold a meeting tomorrow at which a similar program may be adopted.

Cleveland Man Given Sentence For Fraud Scheme

(International News Service) CLEVELAND, May 20.—Dr. Herbert E. Edwards, 62, today was under sentence of three and one-half years in the Atlanta Penitentiary following his conviction on a charge of using the mails to defraud.

Dr. Edwards was found guilty in Federal Court of collecting \$52,000 from 2,000 persons in a scheme to "Recover" Manhattan Real Estate in New York City claimed to be worth \$7,000,000.00. The scheme was said to be based on the obtaining of membership fees of \$25 each from 2,000 of the federated Edwards' heirs association. Those paying the fees were said to have been assured of individual returns of \$300,000 from eighteen century land grant properties in New York.

Firemen Answer Alarms Last Night

Secure Good Clue To Identity Of Person Turning In False Alarm From Box 69

Local firemen answered two alarms last evening, one of which was found to be false.

At 9:05, they were called to West South street by an alarm from Box 15, to the home of Sam Lambase, where neighbors found a fire in progress in an upholstered chair. They threw the chair out before firemen arrived on the scene. The loss was slight.

At midnight, they were called to the corner of McCleary and Sampson street, and on arriving at the scene found the alarm was false. This box

Fish Fry Will Be Held By U. C. T.

Arrangements have been completed by the committee in charge, for a fish fry to be held following the regular meeting of the New Castle council, No. 408, United Commercial Travelers, Thursday evening, May 22.

Wes Rice is chairman of the committee in charge, and the services of B. D. Turner, of Ellwood City, who enjoys a wide reputation for preparing fish fry, has been secured for the event. A big time is being looked forward to by the members.

Ballots Being Mailed In Annual C. Of C. Election

Members Are Prompt In Returning
Ballots To Election Committee Today

Members of the New Castle Chamber of Commerce are manifesting unusual interest in the annual election of directors, six of whom are to be named in the primary election now being conducted.

Although ballots were just placed in the hands of the members yesterday, 55 had been received in the mail early this morning and a great many more are expected to be received during the day.

The polls will close down at noon

Thursday, May 22, after which the election committee will proceed to count the ballots that afternoon at 3 o'clock.

The election committee consists of L. W. McClure, city treasurer, chairman; James M. Smith, Jr., assistant treasurer of the Shenango Pottery; Joseph M. McMillen, chief clerk; Carnegie Steel Co.; Rudolf Theis, assistant auditor; Shenango works, American Steel & Tin Plate Co., and John T. Oltutt of the W. J. Oltutt Co.

No Date Has Been Set For Meeting

Miss Susan Wallace, secretary, recreation board today said that no date has been designated for a conference between recreation board members. It is planned to hold a meeting before long so that arrangements can be made for opening of the city playgrounds.

Westminster To Graduate Class Of 105 In June

Students Enter On Last Week Of Classes At New Wilmington Institution

FINAL EXAMS WILL START ON MAY 26

Commencement Exercises Will Be Held June 2; Officials Look Ahead

(Special To The News)
NEW WILMINGTON, Pa., May 20.—Another college year is drawing to a close at Westminster as students and faculty members are kept busy with a large number of activities. In two weeks, the annual commencement exercises will be held and another group of 105 seniors will go out into the world to make their marks in the professions.

This is the last week of classes. For the most part, the recitation hours will be concerned with reviews of the semester's work. Seniors will be given Carnegie Foundation examinations on Thursday and Friday. There will be classes on Saturday, the day being set aside for the annual May pageant.

Final examinations start a week from today and will run until Friday morning, May 30. Seniors will have next week in which to prepare the various programs of the commencement season. Senior class day exercises will be held Saturday afternoon, May 31. The annual peace pow wow will be held Saturday evening.

Commencement Program
The baccalaureate service is scheduled for Sunday, June 1 in the new chapel. Annual meetings of the athletic council, the board of trustees, and the general alumni body are scheduled for Monday morning, June 2. Commencement exercises will be held in the afternoon, Monday, June 2.

A number of activities concerned with conservatory graduation, the annual Tri-State Conference track meet at Beaver Falls, May 30, the traditional senior sign to be held on

Friday evening, May 23; and a number of student activities will make the end of the college year a busy one for all concerned.

Meanwhile, college officials are making plans for next year. A large number of applicants for admission have already been interviewed, and indications are that the freshman class will be one of the largest in the last four years. Graduate Manager A. A. McDonald has visited 50 high schools in Ohio and Pennsylvania in the interest of student canvas work, and reports a larger group of interested high school seniors than one year ago.

WEATHER CUTS DOWN SUPPLY OF JOBS HERE

Many Of The Jobs Of The Legion Employment Bureau Require Good Weather

Wet weather conditions of Monday and today interfered to a considerable extent with the employment record of the American Legion Employment Bureau, Room 203, Phone 3216. This is due to the fact that much of the work supplied by the bureau to unemployed persons of the city is dependent on fair weather conditions, being outdoor work that can only be done with satisfaction in good weather.

E. T. McKee, supervisor of the bureau has several jobs for men that will be available, when weather conditions are good, and expects more jobs to materialize as better weather conditions prevail.

The past week was an exceptionally good one from the viewpoint of Supervisor McKee, there having been fifty-two persons put to work during the week. It is hoped to put still more to work during the present week, providing weather conditions are good.

MARY BARNETT IS IN COUNTY JAIL

Mary Barnett, colored, arrested by Detective John Young and Officer Thomas Lynch following her alleged felonious assault on Robert Page, Negro, with a penknife, is still being held in the county jail, pending the outcome of the severe wounds she is alleged to have inflicted on Page. It is anticipated that he will be able to leave the Jameson Memorial Hospital in a short time.

Construct Seats For May Pageant Crowd At College

NEW WILMINGTON, Pa., May 20.—Workmen completed today a wooden stadium around the football field at Westminster to accommodate the large crowd of spectators who will be on hand to see the annual May pageant on Saturday afternoon. M. H. White announced that the reserved seat stands will hold 1000 people. Already a large number of tickets

have been reserved for the great outdoor spectacle which will have a cast of 200 people. Mrs. Mary C. McConagha, director of the pageant, and her aids have been busy for two weeks rushing costumes and properties for the outdoor presentation. The details will be completed by Wednesday of this week, and daily practice sessions for the various tableaux will be held on the field.

Woman Goes On Trial At Erie

Mrs. Edna Mumbulo Goes On Trial For Alleged Death Of Young Girl

(International News Service)
ERIE, Pa., May 20.—With selection of a jury to try Mrs. Edna Mumbulo for the alleged slaying of her 11-year-old daughter of her husband by a former marriage completed, witnesses for the state were expected to open the prosecution's presentation today.

Mrs. Mumbulo is charged in connection with the death of her step-daughter, Hilda, who was burned to death in an apartment house here on March 22 last. Her husband, Rahon, also charged with the crime, will be given a separate trial.

Efforts of defense attorneys to bring about a joint trial for the defendants failed when District Attorney Otto Herbst declared the trials would be separate.

Mrs. Mumbulo contends the girl was fatally burned when accidentally spattered with burning gasoline while the state charges the step-mother threw burning gasoline over the child as she lay sleeping in her bed here.

Motive for the crime, the state contends, was the desire of the Mumbulos to share in an estate of \$7,500 left the girl by Mumbulo's first wife.

Pair Under Arrest In Cleveland—Car Taken In This City

Emil Triboda, 4644 Pader street, Cleveland, Ohio, and Walter Bentley, 3117 West Fifteenth street, both of whom figured Sunday in a smashup on the Wampum-New Castle highway, in which their own machines was smashed up, are being held by the Cleveland police for the local authorities, because of the fact that they were apprehended in their home city with a car stolen here Sunday night in their possession.

According to Chief of Police C. C. Horner it is probable that the two men under arrest in Cleveland will be turned over to the federal authorities there for prosecution as it is an interstate case.

The stolen car in their possession is that of Leo A. Smith of Rochester, N. Y., which was stolen Sunday evening from North Mercer street between 6:30 and 7 o'clock, while the owner was in The Castleton. The hat and coat of the owner was in the car when taken. The machine bore a New York license.

Both Triboda and Bentley were injured as were three young ladies in their machine, when the accident occurred Sunday near Willow Grove.

STILL BATTLE BLAZE IN DUMP

Firemen Unable To Make Impression On Smouldering Blaze In Refuse Heap

Firemen are still battling the blaze in the dump along North Jefferson street and seem to have made little impression on the fire, although they have been pumping water on it since two o'clock Sunday morning.

The blaze is the worst of its kind that local firemen have experienced here, the dump being almost 50 feet in depth and extending back a distance of several hundred feet.

Rubbish of all kinds has been piled in the hollow, consisting of old automobiles, pasteboard cartons, wooden boxes, Christmas trees, brush and all kinds of combustible materials. This has been covered over with earth and stone, and it is practically impossible to get at the seat of the fire.

Firemen have been discussing the advisability of dynamiting the dump in an effort to loosen it up so they can get water on the fire, and such action may be resorted to.

Additional lines of hose were laid today, when the fire seemed to have spread more during the night, when operations were stopped because of darkness. There was a brisk breeze blowing all night long last night, which probably caused the fire to spread more.

Dr. Steen Compiles April Milk Report

Announces Condition Of Milk Supplied To Patrons In New Castle

Dr. William L. Steen has compiled his report covering milk examined during April. The tests are made monthly.

Good clean milk, he reports, should contain less than 25,000 bacteria and dirty unsanitary milk may contain enormous numbers of bacteria.

Pasteurized milk should contain less bacteria than raw milk because pasteurizing process destroys the bacteria.

Raw milk which contains more than 100,000 bacteria is classed as unsanitary and unwholesome and sale is prohibited.

Pasteurized milk which contains more than 50,000 bacteria is classed as unsanitary and unwholesome and sale is prohibited.

Erie Man, Convicted In Slaying Will Get One To Twenty Years

(International News Service) PAINEVILLE, O., May 20.—Anthony Berga, of Erie, Pa., today was under sentence of from one to 20 years in Ohio State Penitentiary at Columbus following his plea of guilty to manslaughter in connection with the killing of Theodore Knill, 19, of Cleveland, who was shot to death on November 13 last.

Knill was killed while standing guard on a truck of the Scott Transportation company near here. The shot was fired from a passenger car which drew up alongside and passed the truck on the highway.

The shooting resulted from a law or war which had led to the employment of Knill as a guard, police said.

City Officials In Newark, O., Nabbed By Federal Agents

City Safety Director Arrested For Interfering; Four Policemen, Councilman Arrested

(International News Service) NEWARK, O., May 20.—With word from Columbus stating that Rufus Jones, Newark city safety director was being held in the state capital charged with interfering with federal officers in the performance of their duty, officialdom of this Ohio city was in an uproar today.

Jones was arrested by prohibition agents and whisked away to Columbus late yesterday, his arrest coming as an aftermath of the spectacular prohibition raids here last Friday in which prohibition agents swooped down upon the Eagles Club and Druids Club, arrested nearly two-score men including four policemen and a city councilman and rushed those taken into custody to Columbus in commandeered automobiles.

Arrest of the city safety director, prohibition officials said, was because

he had told Newark policemen to apprehend the federal raiders and to otherwise hamper them during the raids.

Eight warrants were issued today for the arrest of trustees of the Eagles and Druid clubs. The warrants are said to charge conspiracy to violate the national prohibition law.

Plan To Flood Big Coal Mine To Quench Fire

(International News Service) AVELLA, Pa., May 20.—Officials of the Powhatan coal company, operators of the Avella mine where three men were killed and six injured in a gas explosion last Thursday, today planned to lay two miles of pipe from the Avella water company to the mine with the intention of flooding the interior.

Fire in the mine, following the explosion, has frustrated plans to reopen the colliery and fire fighters have been hampered by a shortage of water. Mine rescue crews are stationed in the mine to keep the blaze under control and to prevent it from spreading.

Several Thousand Acres Of Fertile Farm Land Flooded

Flood In Northeastern Texas And Northwestern Louisiana Is Quite Serious

RAIL TRAFFIC IS DEMORALIZED

(International News Service) DALLAS, Tex., May 20.—The Red river, its flood crest moving through central Louisiana today, still held thousands of acres water-logged under backwaters in the northeastern corner of Texas and the northwestern corner of Louisiana.

Rail and highway traffic, demoralized for 48 hours following the storms of last week-end, was being restored in Bowie, Harrison and Cass counties, where the Red river was on a rampage. Bridges have been rebuilt and highways repaired.

Improved conditions were also reported in central Texas, where the Trinity, Brazos, Colorado and Guadalupe rivers have cut tortuous paths over vast acres of lowlands, sending residents to higher land and causing extensive damage to property and crops.

The rivers have begun falling and in the upper regions were within their banks for the first time in nearly 10 days.

Many sections along the southern course of the streams remained submerged, however, as flood crests moved southward.

All danger at East Waco, where the high wall of flood waters of the Brazos have threatened for three days to break through levees, appeared over today, with the stream receding slightly. The dykes have been strengthened and patrolled for several days.

The crest of the Trinity river held coastal plains under high waters today, with bottom lands inundated from Dallas to below Trinidad.

Guards on Patrol

El Dorado, Ark., May 20.—Extra forces of national guardsmen were patrolling the flood area at Snackover today following reports that homes were being looted as the water receded.

L. D. McIntyre, St. Louis Red Cross official, today was in charge of relief operations.

Will Study Ways To Get Teachers

(HARRISBURG, May 20.—State Superintendent of Public Instruction, Dr. John A. H. Keith, has appointed a representative committee of schoolmen of the State to make a study of "How to Insure a Continuous Supply of Competent Teachers for the Public Schools." This committee has organized, begun its work, and will present its report at the 1930 Education Congress which meets in the Capitol, Harrisburg, November 5 and 6.

The committee consists of the following members: Dr. Albert Lindsay Rowland, superintendent, Cheltenham township schools, chairman; Dr. Landis Tanager, president, State Teachers' College, Millersville; Principal Herbert Spencer, of the Frick Training School, Pittsburgh; Dr. C. E. Ellis, president Juniata College; Dr. C. C. Green, superintendent, New Castle schools; A. M. Weaver, superintendent, Williamsport schools; James Killius, superintendent, Johnstown schools; Dr. H. W. Dodds, superintendent, Allentown schools; C. E. Carter, superintendent, Franklin city schools; R. K. Smith, superintendent, Dunbar township schools.

Town Removes Last Of Horses Troughs

(International News Service) COLORADO SPRINGS, May 20.—There is no more leading of the horse to the water trough in Colorado Springs and the humane society demands that something be done about it.

The city has removed the last watering place of Old Dobbin to allow widening of a downtown street. About 60 horses have been depending upon the trough for their water supply and the humane society demands that the city install another watering place immediately.

USED CAR VIEWS

Have you ever borrowed an old knife from a friend? Opened the blade? Cut deep into a piece of wood? Discovered that regardless of the broken handle and horrible appearance of the knife that it had a blade of finest steel and an edge that made use a pleasure?

There's a reason. It had good material when made.

Now, used cars are like that, too. Get a car that contains the finest of material when new, and you'll get a good used car.

Shenango Motor Company has three cars that sold for nearly \$1,600 each. All are in good condition. Motors are perfect. Workmanship and material in them are unquestioned. Priced at \$200 to \$350 for quick sale. Easy terms arranged. Don't delay getting yours now. Shenango Motor Company, 210 West Washington St.

PLAN TO MAKE SHRINE OF NOTED POET'S DWELLING

(International News Service) DENVER, Col., May 20.—The vine-covered frame dwelling in which Eugene Field, famous poet and journalist, wrote the rhymes that endeared him to the nation, is to be preserved as a shrine.

Mrs. J. J. Brown, widow of one of the Coloradans who took millions from the Little Johnny mine at Leadville, bought the house and presented it to the city of Denver.

The money—\$1,000—was paid over to the owner of the house by Albert Craig, Denver attorney, counsel for Mrs. Brown, of Titanic fame, who is residing in Paris.

The house has been turned over to the superintendent of parks, who will arrange immediately to move the dwelling from its present location in an old neighborhood, to one of the city's parks, where it will be preserved as a shrine.

Mrs. Brown acquired an option on the house in 1927, when she founded the Eugene Field Memorial Shrine. She spent considerable money repairing the house and finally decided to buy it and present it to the city.

Man Not Compelled To Educate Wife

(International News Service) DENVER, Colo., May 20.—When a man marries, he wants a wife and not someone to educate, was the burden of the opinion of District Judge George F. Dunklee here when he declined the petition of Mrs. Ruth A. Friedman who sought \$100 a month from her husband in order to complete her college education.

Mrs. Friedman is a senior at Denver University. Attorneys for the husband, Dr. David Friedman, a local dentist, declares he must discontinue his practice immediately because of ill health.

Testimony that the couple had not lived together as man and wife for sometime was stricken out by the court, who declared that the question of whether Friedman should furnish funds for his wife to go to college was the only one at issue.

94-Year-Old Man Wants Mail Job

ROCK SPRING, Wyo., May 20.—William Manning, 94-year-old patriarch, known hereabouts as "old Parr", has submitted a bid for a government contract for transporting mail pouches 28 miles daily from Hoback to Jackson.

Although a hazardous undertaking during the winter because of snow-slides, Manning said he defies all avalanches despite his years.

Manning has lived in the Jackson Hole country since 1876. He has been sheriff, game warden, stage driver and justice of the peace, and held the mail contract for the last ten years. He predicts he will carry mail until he is 100 years old.

Frelinghuysen's anti-Prohibition stand, has been further complicated by the entrance of Franklin Fort, dry and friend of President Hoover, into the race.

Considers Case Of "Problem Parents"

HARRISBURG, May 20.—The golf course and divorce have definitely added complication to the problem of mental health among children according to Dr. William C. Sandy, director of the bureau of mental health, State Department of Welfare in a report to Mrs. E. S. H. McCauley, State Secretary of Welfare.

The diminishing influence of the father away on business during the day and spending many of his hours of relaxation on the golf course on holidays, together with divorce which frequently results in broken homes are cited among other things in the environment of children which are termed casual factors in the mental health of the child.

Dr. Sandy in the report classifies certain types of parents as "problem parents" whose methods of living distinctly affect the mental condition and growth of their children. The child, the report says, needs a feeling of security and a sense of belonging which is becoming increasingly difficult to provide with the modern tendency of families to move about rapidly, live in cramped quarters with no thought of privacy and in adequate play space for the children.

"School teachers also come in for their share of responsibility," says Dr. Sandy. "One must not overlook the unfavorable influence on the child due to temperamental defects, personality peculiarities or maladjustment of the teachers. In the old days educators were urged to visit the homes and become acquainted with the parents and the pupils. In the modern system of large schools this is no longer possible. The liaison of teacher becomes the visiting teacher and

Indian Marriage Is Ruled Legal

(International News Service) LANDER, Wyo., May 20.—The son of a marriage by Indian tribal custom is entitled to share in the estate of a deceased relative in the same manner as those related through legal union with the deceased, according to a decision handed down in district court here.

The decision was made in the case of Ray Elias St. Clair, a member of the Shoshone tribe, son of the late John St. Clair by the latter's first marriage.

Anna Washakie, daughter of the late Chief Washakie and second wife of John St. Clair through a wedding performed in accord with the state law, contended the son's right to a share in his father's estate should be denied because of his parents.

Nine Year Old Boy Makes Hole In One

(International News Service) PLYMOUTH, Ind., May 21.—Myer Franklin, 9 year old son of Mr. and Mrs. Norman Franklin of Jackson, Mich., and a nephew of Mrs. Myer Franklin of this city, made a hole in one on the number four green of the Jackson Country Club golf course according to word reaching his aunt here. The youth made the sensational shot while playing golf with his governess, a Miss Large. The play also was exhibited by two green workers who were standing nearby. This

qualifies the boy to membership in the coveted Hole-In-One Club.

This was the fourth ace play to be made in the history of the Jackson Club and the first hole-in-one made in 1930. Also it was the first ace play made by a player of Myer's age.

Boys Want Old Fashioned Girl

PINE BLUFF, Ark., May 20.—Approximately 100 high school boys here have formed a club to "bring back" those maidenly traits which are so rapidly disappearing from our young girl friends. The club proposes to stimulate bet-

Minor Outbreaks In Pittsburgh

Five Are Arrested For Creating Disturbance At Polling Place

DISTRICT ATTORNEY'S FORCES ON GUARD

(International News Service) PITTSBURGH, May 20.—Minor outbreaks in which the climax was reached at noon with the arrest of five men charged with inciting to riot characterized the quiet and orderly progress of primary day voting in Allegheny county today.

The five men were taken into custody when they created a disturbance at a polling place in the eighth district, second ward, here.

Numerous wrangles were reported from scattered districts of the city and county, but no serious trouble occurred during the forenoon and District Attorney Andrew T. Park said he anticipated no trouble during the afternoon.

Park has lent the full power of his office to prevent and detect irregularities at the polls, county detectives at his headquarters having been augmented with picked deputy sheriffs to act on any complaints received.

Judge James R. MacFarlane, sitting as a magistrate, granted a writ of habeas corpus today ordering Police Inspector Albert Beebe to produce James Kelly, reputed Grundy adherent, in court.

Kelly, an overman in the first district, first ward, was arrested here last night after police had shot holes in the tires of his automobile and was lodged in a cell on a suspicious person charge, according to the complaint filed before Judge MacFarlane.

Judge MacFarlane served notice that warrants would be issued only on information and that general complaints of trouble would not be heard. "We are here to run a four-ring circus today and we expect to do it right," the jurist said.

Nearly 1500 sets of ballots were mailed out to as many election precincts in the county and, although each set differed in some respect, no mistakes in the marking of the ballots were reported.

Meanwhile, portions of a minor nature continued to come before Judge MacFarlane—and continued to be refused. One petition asked that the judge order the board of the fourth district, second ward, in Homestead, brought in, it was averred, by the board was using two rooms for election, contrary to law, one room for the ballot box and one in which members of the board sat.

Other petitioners of a minor nature were refused warrants by Judge MacFarlane who voiced his intention of not "holding school" for election boards.

Grundy Tells Who Got His Ballot

(International News Service) BRISTOL, Pa., May 20.—"Who did I vote for? I voted for Grundy and Pinchot."

With his usual directness, Senator Joseph R. Grundy made this reply to questioners today as he emerged from the polling booth in his home city, where he stayed on duty as a watcher, as he had done for so many years.

"Everything looks fine," he said, "I see no reason to modify my confidence in the outcome."

ATTACHMENT WRIT

THROUGH INSPECTS FIRST U. P. CHURCH

(Continued From Page One)

to be able to entertain them in their new church home.

Other Pastors Speak
When greetings had formerly been extended for the host church, the Rev. Philip C. Pearson, rector of the Trinity Episcopal church and president of the New Castle Ministerial association was introduced. Rev. Pearson spoke for the ministerial body.

"I tender to you the congratulations of the New Castle Ministerial association," Rev. Pearson declared. "We congratulate your community and are happy with the neighbors in your opening of this beautiful building. The ministerial head went on to show why the First church is to be commended; what an important part it has played in the life of this city and what a prominent part it promises to play in future years.

The Rev. H. J. Rose of New Willamington, synodical superintendent for the First Synod of the West, United Presbyterian church was scheduled to convey the felicitations of the synodical churches but owing to urgent business was prevented from coming. In his place was the moderator of the synod, the Rev. R. M. McCarty, pastor of the First U. P. church at Sharon and moderator of the synod.

Brings Greetings of 46,000

In bringing greetings from the synod Dr. MacCartney remarked that he brings the well wishes of 46,000 Christian men and women, and they are rejoicing with you in your accomplishment. He also congratulated the congregation upon the magnificence of its house of worship, pointing out that everything is provided in it for the educational and religious sides of life.

At this point in the program the Castle quartet was introduced. Composing it were: E. E. Johns, George Anthony, Harry Evans and Joe Strimatter. Mrs. Joseph Strimatter accompanied them on the piano.

The quartet sang "Open the Gates of the Temple" as its opening number, and the rendition was thoroughly enjoyed by the large audience. Their second number was "Soldier's Chorus" from Faust, another beautiful number.

Dr. C. J. Williamson, pastor of the Highland U. P. church brought the congratulations of the United Presbyterian churches of the city. His remarks ran along a humorous vein, and were most enjoyed. In closing, he pointed out that the First church is the mother to the rest and that the Second, Third and his own are children. It is as though the children were bringing felicitations to their mother, he said.

Makes Reply

Immediately after Dr. Williamson had finished Judge Chambers introduced J. Clyde Gillilan of the First church, builder of the handsome edifice and elder of the congregation. Mr. Gillilan's part was to reply to the previous speakers for the congregation and to stress again the fact

that the visit of the guests is most welcomed.

Another number was sung by the quartet, and after a response with an encore number the program was closed.

Arrangements had been made to escort the visitors through the new building and this was conducted under the direction of members of the congregation. Downstairs the ladies of the church were busy serving refreshments to the guests, and this continued from shortly after 9 o'clock until 11 o'clock.

Continuing the week's observance will be the organ recital tonight, with Young People's Night scheduled for Wednesday. Both tonight and tomorrow evening's program are expected to draw large turnouts.

Young People's Night, arranged under the direction of the Senior Young People's Christian Union of the congregation promises to again tax the auditorium to capacity as it was at both services Sunday.

Robert E. Gillilan, president of the organization will preside during the evening. He will conduct the opening devotional service, with R. E. Johns as the song leader for the occasion.

Featuring the service will be the numbers to be of the Men's Bible class chorus of the First Congregational church.

The Rev. E. Marcellus Nesbitt, pastor of the First U. P. church at Columbus will bring the evening's message on the theme "The Impulsive Life." Rev. Nesbitt, a young man himself was raised in Lawrence county and is well known by young people of the district.

The entire program for Wednesday follows:

Devotions.
Musical selection—Men's Bible Class Chorus, First Congregational church. Greetings from:

The Y. P. C. U., Second church—Janet Randles, president.
The Y. P. C. U., Third church—Helen Kyle, president.

The Y. P. C. U., Highland church—Albert Dodds, president.
Beaver Valley Presbytery—Bertha Dodds, president.

Musical selection—Men's Chorus. Address—Rev. E. Marcellus Nesbitt. Closing song.
Benediction.

HOLLYWOOD HAS ALL YEAR ROUND CIRCUS

By FREDERICK A. CHASE

(International News Service Staff Correspondent)

HOLLYWOOD, Calif., May 20.—Most towns have a circus only once a year, but Hollywood has one all the time. This does not refer to some of the odd characters one sees on the streets of this film capital. Al Copeland keeps a bona fide circus, with lions and tigers and elephants and everything, 800 animals altogether, to supply the studios when they want to make circus pictures, or use a beastie in a scene.

Business is a little slack right now, but Copeland has known the days during the vogue for circus stories, when it was all he could do to make his 800 animals and 1200 reserved performers go around. Many retired circus people live in this vicinity and Copeland calls on them when the studios ask for sawdust-ring players. They have given up the road life, but still enjoy going through their stunts now and then.

"Everything from a trained flea to a live-ring circus" is Copeland's motto. It took him some time to establish himself as a specialist in his line, but his business has grown with the industry and now he is indispen-

sable. During the summer months he sends a show out on the road.

One of his biggest assignments has just been finished—the reproduction of a circus of the nineties, for the picture, "Swing High."

Do not mention to Lloyd Hughes that these daredevil episodes in the movies are all fakes. Hughes is apt to take a practice swing at your chin. He just finished a picture in which Donald Crisp, the director, insisted in popping bullets through the windshield of the car Hughes was driving, within an inch or two of Hughes' head.

The actor is supposed to be chasing gangsters, who express their disapproval by shooting at him. The shooting was real but the bullets that whizzed by Hughes' head were fired by director Crisp, secreted where the camera couldn't see him, and firing at an angle which made it necessary that the bullets come close to the actor.

Crisp, who was a sharpshooter and sniper in the British army during the Boer war, punctured many bulletsees by way of convincing Hughes of his qualifications for the realistic film action.

In recounting his early days, James Gleason told his studio publicity staff that a San Francisco electrical firm still owes him one day's pay. When he was 13, Jim quit his job the first day and did not return for his pay after he had been sent to fix a light in a mortuary and had an informal glimpse of a dead body.

Two Cleveland Girls Kidnapping Victims, Four Men Are Hunted

Statewide Search For Four Men Who Forced Girls Into Machine, Begins

(International News Service)

CLEVELAND, May 20.—Two hungry and frightened young girls returned to their homes here today after having been kidnapped, taken on a wild auto ride and thrown to the roadside by their captors.

The girls, Frances Barna and Bertha Zeinert, both 16, were walking home from a moving picture show here Sunday night when an automobile, occupied by four men, drew up alongside. The men leaped out and bore the struggling girls into the car which sped away.

Throughout Sunday night, the girls said, the car was driven along the Ohio highways, twisting and circling, until early yesterday morning when it came to a halt on the outskirts of Toledo where the girls were tossed out.

The girls trudged through a driving rainstorm into Toledo where they were picked up by a policeman who took them to headquarters. Here they

were fed and put to bed while a call was placed for their parents. Edward Zeinert, Bertha's father, went to Toledo and brought the girls back to this city today.

A statewide search for the girls' assailants was in progress today.

Changes Made In High School Heads

Prof. F. F. Foltz Is Elected As Principal At Mt. Jackson School

Following the election of Prof. M. A. Butler, principal of the Mt. Jackson high school, to a position in the New Castle senior high school which occurred recently, the vacancy in the Mt. Jackson school has been filled by the election of F. F. Foltz, principal of the Princeton high school, to the position of principal of the Mt. Jackson high school. Prof. Anderson of Butler county has been elected to the principalship of the Princeton high school. Prof. Anderson, it is understood, is an experienced teacher, but has not been teaching during the past year.

City's Engineers Hear Speakers

Expert And One-Time Grid Star Talk Last Night At Gathering

SESSION AT POWER COMPANY BUILDING

Members of the Engineers club of New Castle had the double pleasure last night of listening to R. M. Langley, development engineer of a large corporation, and Dex Very, former all-American football player, now associated with the corporation.

The meeting took place in the second floor lecture room of the Pennsylvania Power Company on the public square.

Mr. Langley's talk, accompanied by moving pictures and slides, showed that during the past few years the demand for greater capacity and higher efficiency has brought about the use of much higher temperatures in industrial processes. The steaming capacity of a boiler, the melting time in a metallurgical furnace, the output of a Portland Cement kiln, are all influenced greatly by the temperatures employed in the operation. Small increases in the operating temperatures often mean considerable increases in the capacity of the equipment and consequently refractories are used to the limit of their endurance. Refractories have been improved and new types of refractories have been developed to keep pace with these higher temperatures. In many cases, however, the heat resisting properties of available refractories are still the limiting factor, and it is safe to assume that as more refractory materials are developed, temperatures will be still further increased.

Dex Very spoke on football both from the player and official's viewpoint.

Mr. Very was one of the officials of the game between California and Carnegie Tech last year, and his comments on this game were greatly

appreciated. His description of the attack used by California was excellent. He gave a description of the trip of the Tech team to the coast. How studies were continued, the stop-over workouts, etc. As a story teller Mr. Very is there. His humorous stories on football were enjoyed by all. Mr. Very in remarks to a few of New Castle's football fans after the game, said, Well, you will see Bridenbaugh out with a real team next fall. He has attended several of our night games here.

France Has Shortage Of Talking Films

(International News Service)

PARIS, May 20.—There are 3,503 movie theatres in France. One hundred ninety-one of them are in Paris. Where they are to get the films for 1930 is a problem, according to the Cinema Directors' Association.

The talkies have restricted the importation of American films to such an extent that many managers will have to fall back on the silent product in order to keep their theatres open, it is said.

Until the talkies came into vogue the French exhibitor had some 600 films to choose from yearly. About 400 of them were American. Now he can depend only on about 150 from the American market and France is only producing about sixty added to which she has about as many German, English and Italian combined.

In other words the French exhibitor faces the task of keeping 3,503 theatres running for a year on approximately 250 films. They all say something must be done about it but nobody seems to know what.

Enforce Road Stop At Slippery Rock

Local Motorists Are Advised To Observe Main Thoroughfare Sign

Secretary B. N. Hanlon of the New Castle Motor Club has received word that the main thoroughfare stop sign at Slippery Rock, is being rigidly enforced by police officials of that borough, and local motorists are asked to take cognizance of the fact.

The sign is located at the intersection of the Butler and Franklin routes, and a constable has been stationed there by borough officials to see that the highway sign is observed.

It is stated that a great number of unwary motorists who have failed to come to a full stop, have been taken before a justice of the peace and fined.

The play, a one-act comedy by Booth Tarkington, is the tenth and last on the Little Theater repertoire at Westminster for the year.

GAIN IN DEATH RATE BLAMED ON AUTO ACCIDENTS

(International News Service)

BOSTON, May 20.—Automobile fatalities were blamed for the upward movement in the country's death rate due to accidents, according to the annual survey of the National Safety Council transmitted to Governor Frank G. Allen's Committee on Street and Highway Safety. In fatalities not involving automobiles, there was an actual decrease of about 1,000 while about 3,000 more persons met death by motor vehicles in 1929 than in the previous year.

Accidents to children increased far less rapidly than those to persons of all ages. In the seven-year period from 1922 to 1928, fatalities from accidents of all types to persons of all ages increased almost 20 per cent, while in the same period deaths of children under 15 increased less than one-tenth of one per cent. The safety experts estimated that if accident prevention work among adults had been as successful among adults as among children, approximately 20,000 lives in the United States would have been saved in 1929 alone.

The same condition is found to be true of child automobile deaths. More persons older than 15 years are being killed every year while the number of children under that age killed by automobile in 1928 was practically the same as in 1922.

In that year motor cars killed 4,023 children and 9,653 adults; in 1928 the figures were 4,943 children and 9,968 adults. Thus the percentage of child deaths has dropped from 29.4 per cent in 1922 to 19.8 in 1928. The tendency to decrease has been consistent and so marked that the governor's committee confidently expects will further reduction on Massachusetts this year and in the future. Special efforts will be made to achieve with adults the same progress that has been made in the safety education of the children.

"KONJOLA GAVE ME HEALTH", SAYS GRATEFUL LADY

Tells How Famous Medicine Brought Relief From Nervous Indigestion

MISS BETTY CRAEMER

"Konjola gave me health after all other medicines had failed," said Miss Betty Craemer, 111 Burr street, Mt. Oliver Station, Pittsburgh. "I had a nervous disorder of my stomach that caused gas and all of its evils. After meals, bits of undigested food rose to my mouth leaving a bad taste."

"I read and heard so much about Konjola that I decided to give it a trial. From the very first a radical change took place. The gas bloating disappeared and the fermentation of food ceased. My disposition is better and all signs of nervousness has vanished. No words can express my praise for Konjola."

All that is asked for Konjola is that it be given a chance to prove its merits. Six to eight bottles are recommended for the ills of the stomach, liver, kidneys and bowels and of rheumatism, neuritis and nervousness.

Konjola is sold by Love & McGown, the Druggists, 204 E. Washington St., this city.

Maybe Yes? Maybe No?

NEW YORK, May 20.—The person who coined the quip "often a bride-maid but never a bride," wasn't thinking of Mrs. Charles Eassey.

Five years ago, when she was Mary Thomas, she was a bridesmaid—maid of honor in fact—at the wedding of a friend back in New Castle, Pa., and Charles Eassey of Pittsburgh was the nervous bridegroom.

But somebody "spiked" the punch, and when Mary Thomas awoke the next morning, she learned with considerable surprise that she was Mrs. Charles Eassey. The bridegroom she said, recalled that his intended bride had left in a huff when he appeared to be paying more attention to the bridesmaid.

Mrs. Eassey thought she would make the best of the bargain, but when her husband started beating her she went back to her mother, according to the papers in which she seeks annulment of the marriage. She will tell the Supreme Court about it Wednesday in hope of getting a decree.

Repaving Appeal Last On Calendar

City Solicitor Robert White stated that the appeal carried up by W. Leslie Wilson et. al., versus the city in the award of a repaving contract to Woods and Golder is listed for argument before superior court at Harrisburg next week. It is the last case on the calendar.

Solicitor White says at present he does not yet know what day the case will come up. Either White or Attorney Wylie McCaslin will represent the city.

Enon Valley Post Present Picture

Robert Watt Post, American Legion of Enon Valley, is presenting an authentic war picture, taken during the late war by the U. S. Signal Corps in the Mt. Jackson high school auditorium this evening at 8 o'clock.

The proceeds of the money received will be devoted to the uses of the post, officials of the organization state, and a large attendance is expected from the surrounding community.

Sharon Church Boasts Largest Y.P.C.U. In County

Membership Of 200 Places
Sharon United Presbyterian
Group At Top Of List

SHARON, Pa., May 20.—The Sharon Pa. Young Peoples Christian Union of the First United Presbyterian church, East State street, boasts of the largest Young Peoples Society in the United Presbyterian denomination.

This news was received some time ago from the National Headquarters at Chicago Ill., in a letter to the Sharon Society President from Moser M. Shaw, secretary of Young People Work in the United Presbyterian denomination.

There are over 750 societies in the denomination scattered over the United States and Canada and the local society feels justly proud of the unique distinction.

The Sharon Society has a membership of over 200 young people. The runner up for the honored position is the society at New Concord, Ohio the home of a United Presbyterian College, Muskingum and they have 100 college students on their roll.

An attendance of 100 is not unusual and on special occasions there has been 118 members present. The society meets for devotion every Sabbath evening at 6:30 in the Chapel of the church. Every month there is a business and social meeting and at least one additional social or party each month.

The Executive Committee of the Sharon Society is as follows: President, Tom Sarver, Vice President, Elise Sayre, Secretary, Elizabeth Taylor, Treasurer, Hugh Gamble, Chairman Publicity Committee, Theodore Di Nardo, Estes Park Committee, Helen Bastress, Chairman Membership Committee, Eleanor Gamble, Chairman Social Committee, Alton Burns, Chairman Study Committee, Margaret Jones, Chairman Prayer Meeting Committee, Madge Henry.

To whom does Mount Vernon belong?

Mount Vernon, the home of George Washington, belongs to the Mount Vernon Ladies' association of the Union. This association was founded in 1853 by a Miss Cunningham for the sole purpose of raising \$200,000 with which to buy the estate and preserve it for posterity.

What and where are the Midway islands?
The Midway islands, owned by the United States and under the jurisdiction of the navy department, are a group in the North Pacific, 1,200 miles northwest of the Hawaiian islands. A relay station of the Commercial Cable company is established there. The area of the group is 38 square miles.

What is the value of the gold bar used for transfer purposes?

The \$10,000 bar is most frequently used for transfer purposes. It is 3 1/2 inches wide, 63-4 inches long, and 13-4 inches deep. The value of such a bar varies from \$10,000 to \$11,000.

When was the Lusitania sunk?

The Lusitania was torpedoed and sunk without warning on May 7 1915. Nearly 1,200 persons were drowned and among this number were more than 100 American citizens.

What is perjury?

Perjury, under the various state codes, usually means false testimony on a material point given in an action or proceeding at law.

How far back can radio be traced?

Radio traces its descent directly to the theoretical work of James Clerk Maxwell, who in 1865, as a result of his professional researches in mathematical physics, made the declaration that visible light consists of electrical waves in the ether and that electromagnetic waves of other wave lengths also exist, which are not visible as light.

What is the National Statuary hall?

The National Hall of Statuary, formerly the Hall of the United States house of representatives in the capitol at Washington, was established by congress July 2, 1864. Each state was invited to contribute marble or bronze statues of her two most distinguished deceased citizens. Virtually all the states have done this.

TO EXHIBIT STAMPS WORTH COOL MILLION

(International News Service)
BOSTON, May 20.—Featured by the presence of a day and night guard, a fortune in stamps will be on exhibition in Horticultural Hall here during the annual convention of the American Philatelic Society August 11 to 16.

Stamps valued at \$1,000,000 will be on display at the convention which was expected to be attended by more than 10,000 stamp collectors from all parts of the country.

An all day guard will be in attendance at the Hall during the exhibit, particularly about the bit of paper owned by Arthur Hinds of Utica, N. Y. One of his stamps, a British Guiana is valued at \$32,500. His collection includes some of the rarest stamps in the world.

As a striking demonstration of their value, an armed guard each night will convey the precious squares of printed paper to a Boston bank where they will be locked up in the vault. Each morning the same guard will return them to the exhibition hall.

Among the many stamps to be exhibited will be the rarest United States stamps, one issued by the postmaster of Boscawen, N. H. Before stamps were in general use in this country it was the custom of postmasters to issue their own. The Boscawen stamp, issued for 5 cents now is valued at \$15,000.

Award Contract For Decorating During Convention

Arrangements Made To Decorate City During Annual G. A. R. Encampment

It was announced this morning by Thomas J. Cunningham, chairman of the decorating committee for the G. A. R. encampment to be held here the week of June 8, that the contract for decorating the streets of the city for the encampment had been awarded to the United States Bankers Service.

This also makes the successful concern, the only official and recognized concern for decorating during the convention and it will be accorded official credentials from the Encampment, the Better Business Bureau and the Chamber of Commerce.

Those desiring to decorate during that period should see to it that they deal only with the representatives of this concern, as they will be assured fair treatment and prices, due to the fact that the concern was selected because of being the lowest bidder.

Nature keeps the balance. The class that provides the most work for the corner also provides most for the stork.

In dress it's Distinction

in a cigarette it's Taste

IT'S THE UNUSUAL that distinguishes a gown. Again, it's the unusual that sets Chesterfield apart.

STYLE in a gown, "chic" in a hat—and in a Chesterfield, Taste!

TASTE IS THE REAL REASON for Chesterfield's enduring popularity... the better taste of choice tobaccos, mild and ripe, blended and cross-blended to a rich delicacy of flavor, unique in a cigarette—in every sense of the word... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.

Rose Ave. School One Of Thriftiest

Hundred And Twenty Five Students Receive Awards For Thrift

Rose Avenue School ranks as one of the thriftiest schools in the city and 125 students received thrift awards Monday afternoon for depositing a coin a week for one and more years.

Three pupils, Elizabeth Muchick, Dorothy Brunton and Harold Richardson, all of 6B were awarded thrift diplomas with two gold stars for having deposited a coin a week for six years.

The thriftiest grade was 6B; 6A was second; 2A2 was third; 2B was fourth and 2A, 3A, 4A and 5B were tied for fifth place.

The awards in their order that were presented were honorable mention certificates, thrift army pins, thrift champion certificates, thrift diplomas and thrift diplomas with gold stars.

The basis on which the awards were presented was regularity in saving and the amount saved was not taken into consideration. The boy or girl saving a small coin a week receives just the same credit as those saving larger amounts.

ented by Robt M. Strickler, Jr., representing the Lawrence Savings and Trust Company.

Thomas Stoner and Joseph Lalley of 5B2; Carl Campbell of 5A; Lucienne Hook, Anna Mae Hazen and Ruth Lane of 6B and Mary Irene Taylor of 6A saved a coin every week for five years and received thrift diplomas with one gold star.

The following pupils saved a coin every week for four years and received thrift diplomas.

Charles Brunton and Aurita Brooks of 4B; Cecelia Turner, Irene McNeis, Aileen McHattie and Viola White of 5B; Helen Langlands and Anna Cole of 4A; Vivian Collins of 5B2; Charlotte McWilliams of 4A; Charlotte McKee of 5A; Betty Jane Woodruff, Virginia Walker, Wilda Price and Ruth Richards of 6B; Robert McCann, Dorothy Eakin and Viola Serra of 6A, and Caroline Spicer of 5B.

The following pupils saved a coin every week for three years and received thrift champion certificates with gold seals and red ribbons.

John Lalley, Eugene Burford, Eugene Lutz and Norma McKee of 2A2; David Shoenfield, Joanna Hood and Marjorie McNicholas of 3B; Alfred Hook, Dick Thompson, Helen Cole, Marjorie Thomas and Betty Williams of 3A; Armando Ferrara of 4B; Wallace Moore; Dorothy Gibson of 5B2; Anna Mae Hartland and Phillip Crane of 5A; Clara Mae Bowen of 6B; Margaret Howe, Vivian Hogue and Edith Serra of 6A, and Betty Good of 3B.

The following pupils saved a coin every week for two years and received thrift army pins.

Edith Quinn and Glen Zeigler of 2B; Betty Friday, Marian Hughes, Ruby Davidson, Sara Diller, Doris Lenning Junior Dufford and Marian Hartland of 2A1; Cynthia Lyons, Miles Panella and Doris Lutz of 2A2 and Altha Moore of 2A2; Prime Pace of 3B; Gloria Williams and Alice White of 3A; Florence Allsopp and Jean Dunkerly of 2A2; Lester Schneider of 4B; Pauline Lane, Evelyn Stoner, George Bame and Walter Brunton of 2B; Jean Gardner of 2A1; Sally Lou Fehl, Billy Jenkins, Donald Kerr, Bob Thompson and Billy Kennedy of 2A2; Warren Bertley and Dick Muse of 3B; Albert Theophilus of 3A; Jane Elliot and Mildred McElroy of 4B; Jean Hartland, Mary Zichowski, Rose Little and Caroline Spicer of 5B; Joe Gibson and Zita Serbic of 6B; Francis Bartley, Robert Carson, Harold Dunkerly, Jennie Harkless and Ruth Moore of 6A; and Ruth Everhart of 3B.

Eczema on Hands in Small Water Blisters. Healed by Cuticura.

"My granddaughter began having eczema on both her hands when she was eleven years old. Small water blisters broke out on her fingers and the itching and burning were unbearable. She could not put her hands in water at all. At night she could not sleep on account of the irritation."

"We tried different remedies without success. We began using Cuticura Soap and Ointment and they helped her and in about three months she was completely healed." (Signed) Mrs. Lena Davenport, 5 Wm Travis, Himrod, N. Y., June 11, 1929.

Would Split Texas To Gain Political Power

Representative Garner Would Divide Biggest State Into Five Divisions

Would Transfer Balance Of Political Power Of Nation From New England

WASHINGTON, D. C. May 20.—If Representative John N. Garner of Texas, democratic floor leader of the House, had his way, Texas would be divided into five states, and "the balance of national political power" would be transferred from New England to the South.

Congressman Garner told the House this afternoon in arguing that New England has held the political power, prestige and recognition of the country since the establishment of the Union. This, he said, could be given to the South by the division of Texas into five states.

And he pointed out that under the Constitutional provision whereby Congress may grant to states the privilege of division, the House and Senate in 1845 annexed Texas with the understanding that under the Constitution the territory could later be divided into five states entitled to admission into the Union.

Four Times As Big
In supporting his proposal, Garner declared that Texas would make 220 states the size of Rhode Island, 112 the size of Delaware, 54 the size of

Connecticut, 32 the size of Massachusetts, or nearly six the size of New York. Texas, he said, is approximately four times as large as New England.

The population of Texas is more than a million and a half greater than the population of all of New England with the exception of Massachusetts, the fiery little Texas democrat declared.

"The five of the six states of the New England group, with less population and only a small fraction of the area of which Texas boasts, have ten Senators and 25 electoral votes, whereas Texas has only two Senators and 20 votes," he argued.

No better criterion of the political power wielded by New England and Pennsylvania can be seen than the Hawley-Smoot and the Fordney-McCumber tariff bills, both of which would have been modified in favor of the South if the democrats had eight additional votes in the Senate. Mr. Garner contended.

Japanese Naval Officer Suicides

Lieutenant Commander Yeiji Kusakari, Commits Suicide While Riding On Train

(International News Service)
LONDON, May 20.—Lieutenant Commander Yeiji Kusakari attached to the Japanese Navy general staff, committed hari-kiri on the sleeping car of a train enroute to Tokio and died in a hospital today according to a Central News Dispatch received here from Tokio.

Strict censorship usually covers affairs such as these, but it was reported that Kusakari did not leave the customary explanation note to indicate his reason for killing himself. It was believed that he did so in protest against the terms of the London Naval treaty.

Resentment in naval circles in Japan has run high over the conclusion of the treaty which has been felt by many in Nippon as unfavorable to Japan.

Admiral Hyo Takarabe, Japanese naval minister, was reported to have received a hari-kiri knife with a note suggesting he use it in the traditional manner because of the "disgrace" of accepting the treaty terms.

Leaf brown, Salvador brown, Moorsque, also a brown, winstone red, admiralty blue and greenwood are new shoe shades for this season.

A new type of collar to be worn upstanding, framing the face, has been patented for raincoats by a London, Eng., firm of manufacturers.

Itching of Piles

"Most Instant Appeal?"

Movie Directors say: "Lovely Skin"

Eyes instinctively linger on the girl whose skin has the silken smoothness of a flower. No other attraction is so immediate . . . none so sure!

Over and over Hollywood has proven this on the screen: "Only those girls become stars whose skin is so lovely that the close-up shows no flaw," say 45 foremost directors.

And, nine out of ten screen stars use Lux Toilet Soap! As Lucila Mendez, vivacious Radio Pictures' player, says: "It leaves the skin so very smooth. I am devoted to it."

Lovely Anita Stewart, too, finds this delicately fragrant white soap quickly . . . and is so soothing . . .

And winning Jobyna Ralston says: "Since the talkies have increased the number of close-ups, smooth skin is more important than ever. I always use Lux Toilet Soap to guard mine. It is a marvelous soap."

In the dressing rooms of all the great film studios, Lux Toilet Soap has been made the official soap. Are you, like the enchanting screen stars, caring for your skin this way? Luxury such as you have found only in fine French soaps at 50¢ and \$1.00 the cake—now 10¢.

THOROUGHLY DEPENDABLE

AS A GOOD FRIEND SHOULD BE

It is easy to understand why the men and women who drive Oldsmobiles speak of their cars as they would speak of a good friend. For these men and women have found in Oldsmobile the first requisite of friendship. They have found character—and the kind of character that carries with it an unfailing capacity to serve long and well.

To these owners, Oldsmobile has proved itself always dependable . . . always alert, faithful, and eager to go.

They know from long experience that Oldsmobile is an every-day, all-weather friend . . . that it is deserving of their confidence and worthy of their trust.

Too, these men and women know exactly why their Oldsmobiles serve so well. They know that Oldsmobile's design is right, achieved by the combined talents of Oldsmobile and General Motors engi-

neers. They know that its beautiful Body by Fisher is staunch in every respect. They know that the car has been tested and proved on the General Motors Proving Ground. Most important of all, they know that Oldsmobile is pledged to fine car standards and built to do all things well.

Oldsmobile is thoroughbred. You can rely upon it to serve you capably and honestly, asking little in return. It will prove itself to you, in the way it is proving itself to thousands of owners—thoroughly dependable, as a good friend should be.

Defends Bare Legs

"As long as the modern day chorus girl has one-half of one per cent of the lower half of her anatomy duly covered with clothing of some denomination she is to be regarded as being sufficiently well and properly dressed to escape the denunciation of our laws," declares Fred H. Davis, above, attorney general of Florida, in defending a burlesque show owner who had been arrested on the allegation that his showgirls were "indecently" dressed.

SETS RECORD FOR JUNIOR AIRMEN

After a trip from Los Angeles to New York with a total flying time of 28 hours, 18 minutes, Frank Goldsborough, 19, son of the pilot of the ill-fated trans-Atlantic plane, "Dawn," lands at New York to become America's junior air champ. He is shown receiving the congratulations of Fred L. Foster.

The Parent Problem

By GARRY C. MYERS, Ph.D.

Boycotting Bootlegger Aids Cause

A great many have responded to my article on "Education and Prohibition."

Writes a Berkeley, Cal., mother: "You will notice by the press that the English people are beginning to get extremely tired of drunken Americans who drive about England killing men, women and children."

"Be it to our shame," she added, "that most of the increased drunkenness in Canada is accredited to men and women from the States who summer there."

"The best way to stamp out the liquor evils," writes another, "would be to teach people the harmful and destructive effects that liquor has on the body."

"There should be regular classes at different hours so as to permit all the working men and women to attend."

"The future welfare of our country depends on the way our children are being educated."

"Home teaching combined with the Sunday school, is what we must go back to. Let each one of us feel the responsibility."

A mother from Wisconsin writes: "I think too, that the government might well spend some money in an educational program in the schools about the ill effect of strong drink. People are apt not to mention the facts often enough."

One optimistic sister writes: "No use to spend your time worrying about the repeal of the eighteenth amendment, as it isn't in the slightest danger." Maybe it isn't, but our young children are.

Pomona Grange To Hold Memorial

New Wilmington Grange Will Be Host To The Members Of Pomona

A meeting of Pomona Grange will be held Wednesday June 4 in the United Presbyterian church of New Wilmington with New Wilmington

Grange as host to the members of Pomona Grange.

There will be three sessions, one at 10 a. m., the second at 1:15 p. m. and the third at 7:30 p. m. The morning session will be devoted to routine business and reports.

The afternoon session will be in the nature of a memorial service to deceased members of the grange. Rev. Ross M. Haverfield of Westfield Presbyterian church, will be the speaker at this service.

At the evening session, D. T. Thomas, master of the Mercer county Pomona Grange will be one of the speakers. A feature of the evening session will be the presentation to several past masters of Lawrence Co. Pomona Grange of the past master jewel.

The members attending will carry their own lunch at noon, but the ladies of the New Wilmington grange will serve the evening meal.

LETTERS TO THE NEWS

Letters intended for this column must be signed with name and address of writer.

UNION BAPTIST APPRECIATION.

New Castle, Pa. May 19, 1930.

To The News: When the officers of the Union Baptist church signed an agreement whereby there would be paid over to the First Baptist, a loan of \$2,000, secured for the church, it climaxed months of anxiety and suspense, and wrote final difficulties over which there had been no control. It meant that \$3,000 had been subtracted from a debt of \$5,000 by contributions and negotiations.

It meant also that the "inasmuch" of Christ is still to the fore in New Castle and that his church, small or large, is still worth rescuing from financial disaster.

We take this opportunity to thank the public in general and the First Baptist church in particular, for their generous attitude toward us.

Mention must be made of the great service rendered by Mrs. S. J. Callahan and Mrs. J. C. B. Douthett for the benefit given in the high school auditorium, which resulted in starting the special fund with an amount of \$500; also of the untiring efforts of Pastor Landis, D. S. Williams and Robert Strickler, Jr., official representatives of the First Baptist church.

We also thank The News for its unbiased and "square deal" policy of giving publicity to a worthy cause.

Certainly we shall pay our honest material debts, but we shall do more than that. We shall undertake under God to see to it, that for all the kindness shown and help given, there shall be no regrets that we have been made beneficiaries of such unselfish service and that we pledge to our benefactors, a return on their investment, by making good.

SAID RECOVERY WAS A MIRACLE

New Castle Woman Declared She Never Heard Anything Like It

"Miraculous" Cures Old Story To The World's Tonic Representative, Who Has Seen So Many

A well known lady of New Castle spends a good part of her time telling how World's Tonic saved her. She declares she was hardly able to move, that she believed she had cancer of the stomach, and yet that three bottles of this wonder-working medicine made her over again.

"I was really down and out. I had catarrh so bad my nose and head were always full, my breath foul, and my eyes so weak I couldn't read. Then my stomach got so bad I hurt me all the time, and I didn't digest my food. I lost in weight from 138 to 94 pounds, and my friends believed I had a stomach tumor of some kind."

"I felt so weak that I sent my sister to the druggist's for a tonic. Some kind fate made her bring home the World's Tonic, and to that I owe my recovery. I felt improvement in three days. Half way through the second bottle my head cleared up, and I began to enjoy my food. After taking three bottles you would never know I had been sick. It was just a miracle."

The World's Tonic representative said he was greatly pleased, but that it was no surprise to him. "I have seen so many cases like this, I am never surprised at the wonderful results of this new tonic," he said. "Over this one owe their present good health to the best of all medicines—World's Tonic. It is for sale by Eckhardt, McKee's, Paisley's, Smith's and all other up-to-date druggists. (A-52)

WESTINGHOUSE COMBINES EXCEPTIONAL

Three Refinements

IN ONE REFRIGERATOR

THE RESULT OF A MORE COMPACT

HERMETICALLY SEALED FREEZING UNIT

TO PRODUCE a refrigerator possessing all three conveniences required in an efficiently managed home, Westinghouse concentrated on making a more compact freezing unit.

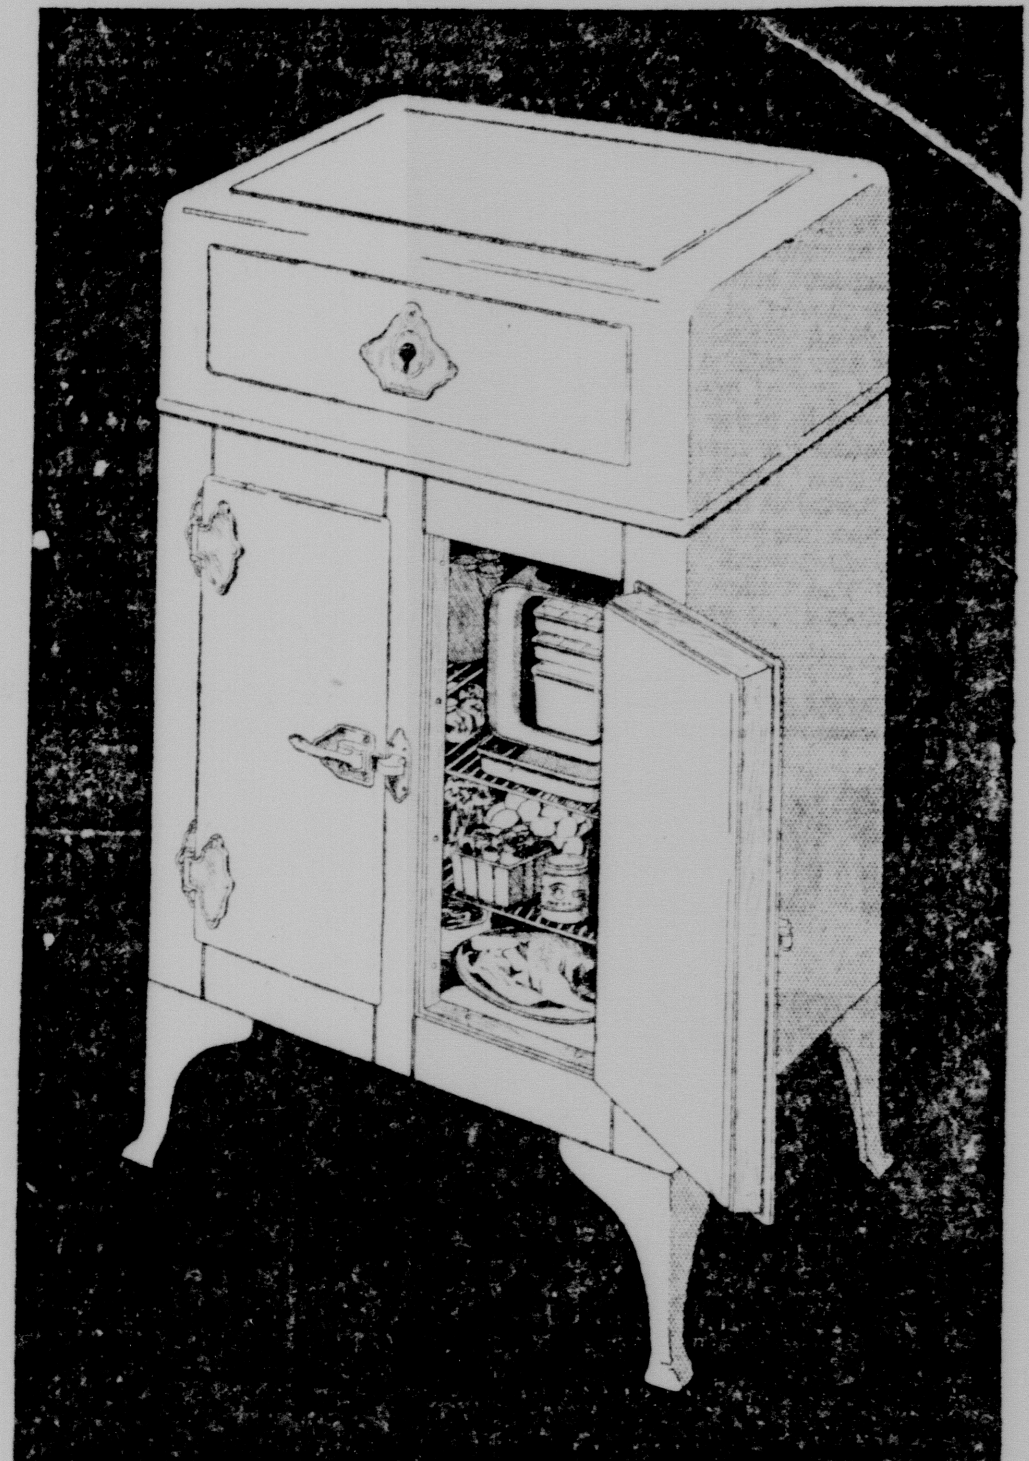

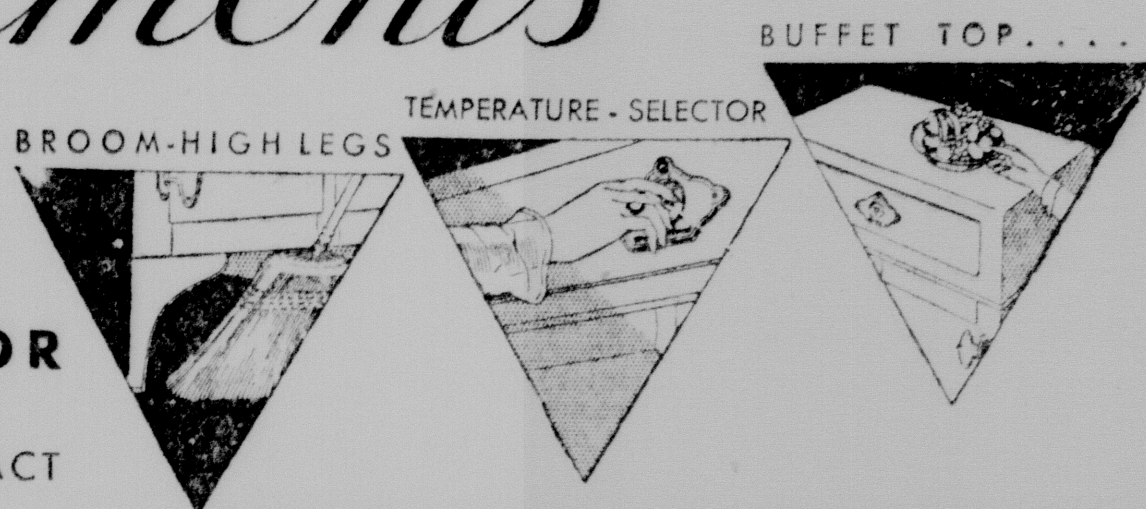

This, the new Westinghouse—developed after twelve years of testing and improving its freezing mechanism—presents three exceptional refinements in addition to many other features achieved by this great electrical laboratory.

How many times each day dishes are taken from or replaced in the refrigerator? That is why efficient housekeepers demand the convenience of the Buffet-Top, to aid this transference.

When desserts require a lower temperature to congeal them more quickly than would the ordinary preservation temperature, just turn the knob of the Temperature-Selector. It is conveniently placed on the center front panel, arm-high. Can be adjusted with ease.

To facilitate floor cleaning, you find—Broom-High Legs—an advantage always desired. They give eleven inches clearance, for easy sweeping.

Only the Westinghouse, with its satin-sheen finish in immaculate white, provides these three unique refinements. It is the first refrigerator to answer the demand for compact convenience. See it by all means before you buy any refrigerator!

Prices Drop In Today's Market

Industrial And Specialty Stocks Drop Downward Today In Selling Wave

IMPORTANT STOCKS DROP MANY POINTS

By W. S. COUSINS
International News Service Financial Editor

NEW YORK, May 20.—Industrial stocks and specialties were again swept downward today by a wave of selling of the same variety as that which unsettled the market at yesterday's close.

Important stocks fell away 2 to 5 points, with larger gaps in the high priced specialties like Auburn Auto, which dropped 11 points to 150. Westinghouse lost more than 4 points at 160½; Case Threshing was down 8 points at 317; Houston Oil down 3; International Harvester down 3 at 99 5/8; United Aircraft down 3 at 69 1/2; and Vandalia Steel down 5½ at 109. United States Steel was within a fraction of the year's lowest price when the stock dropped away to 166½. Down 1½.

Though stock trading in the first two hours was in somewhat larger volume than in recent slow sessions, transactions were mostly of the professional type. Wall street was of the opinion that the bulls were giving the bears "plenty of rope," and inviting them to sell in order to build up a short interest in the market.

Reaction and rally followed each other in quick succession in the early afternoon, but the major trend of stock prices was downward. Electric power and light was under pressure and sold off 3 points at 82 while Unit-

ed Corp. Columbia Gas and other favorites declined under pressure to the lowest prices of the week. The amusement stocks were favored to give up a good portion of the ground covered in their last spectacular rise. Radio Keith Orpheum at 49 was down 5 1-4 points from the high of last week and Warner Brothers at 60 showed a loss of 8½ points by the same comparison. Oils, copper, steel, tobacco and other important groups were on the bobble as selling pressure continued without let-up in the fourth hour.

Numerous Accidents Reported To Police

Many Cars Are Damaged In Accidents Occurring On Streets Of City

Dr. C. A. Reed, 333 East Lincoln avenue, reported today to the police that he was enroute east on West Garfield avenue from the Jameson Memorial hospital and had driven half way out into Wilmington avenue, when his car stopped. While he was getting his machine started, the car of George Penner of 848 Arlington avenue, enroute south on Wilmington avenue, hit and damaged his car.

C. F. Barrett of 1101 East Washington street, reported Monday that he was enroute north on North Mercer street with the machine of George Barrett of 318 North Shenango street, when his car hit and damaged a machine bearing Pennsylvania license 737F9, which was parked in front of 718 North Mercer street.

Detective C. G. Logan and Officer Thomas Lynch were called to the Public Square Monday evening to investigate an accident and on their arrival found that a car bearing Pennsylvania license 819-483 had driven into the traffic light and the driver had run away. The car was placed in a local garage.

J. C. Robertson, Edinburg, reported that he was enroute north on North Jefferson street at North street, when a car bearing Pennsylvania license GF199 going west on North street col-

lided with his car. Both machines were damaged.

J. Sonntag of 506 West Grant street, reported that he was enroute north on Apple Way near the old News Office, when a boy ran out into his car and was knocked down. He took him to a physician, where it was found that the boy escaped with minor injuries. His name was not secured.

Stella McVay of 722 East Reynolds street reported that she was enroute north on Highland avenue at 1412 Highland avenue when her machine was in collision with a car bearing Pennsylvania license 55F19, which was also enroute north on Highland avenue. Both cars were damaged.

Noah W. Elliott of 207 East Lincoln avenue, reported that he was enroute south on South Mill street at the Citizen's National Bank when the car of Charles Alexander of 315½ Mahoning avenue, which had been parked there pulled out from the curb in front of the Elliott machine and they came together. Some damage was done.

Otto Maki, 603½ County Line street, reported that he was enroute west on Washington street when his machine was in a collision with the car of Harriet Stevens, 344 East Washington street, which was going into a gasoline station at Butler avenue. Both were damaged.

Anna Chiappari of 1104 Butler avenue, reported that she had her machine parked at Chestnut and East Washington streets, when a truck with an Ohio license enroute east on East Washington street, collided with his machine. Both were damaged.

J. W. Smith of 515 Leasure avenue, reported that he was enroute south on South Mill street at Water street, when his machine was in a collision with a machine bearing Pennsylvania license 934MO which was turning to go west on Water street. Both were damaged.

HUNDRED SEEK PARDON IN STATE

HARRISBURG, May 20.—More than a hundred cases will come up before the pardon board for consideration at its meeting May 27 and 28. The board's session has been de-

layed one week because of the primary election.

There are 40 cases listed for argument, 33 petitions for rehearing and 25 submitted without argument. In addition consideration will be given to eight others held under advisement from previous meetings. Action also is scheduled on 76 paroles from the Eastern Penitentiary and 55 from the Western.

Commission Gets Quail Shipments; Asks Hunters' Aid

Twelve Thousand Birds Secured From Mexican Breeders For Distribution

HARRISBURG, May 20.—Twelve thousand quail were forwarded by Mexican breeders to the Pennsylvania game commission prior to the animal embargo which becomes effective on April 30. A shipment of an additional thousand which had been delayed by bad weather is being held at the border but commission officials believe they will be able to obtain its release.

All of the quail were marked with leg bands before being released. The commission has urged sportsmen in this and adjoining states to report the finding of killing of any quail with leg bands. Game authorities in Virginia, Maryland, New Jersey and Ohio also have asked the co-operation of Pennsylvania sportsmen in reporting the killing of marked birds.

Cooperation of sportsmen in making such reports enables the commission to determine accurately to what extent Mexican quail migrate from the places where they are released.

USE A WANT AD

Urges Vets To Present Claims

Veterans Bureau Officials Feel Certain Law Will Be Changed By Congress

Local World War veterans, who failed to present claims for disability before the period of presumption ended under the old law, are still urged to do so.

Orville Potter, Secretary of the Lawrence County Chapter, American Red Cross, stated that Veterans Bureau officials in Pittsburgh advise veterans to take this precaution as they feel certain that the law will be changed by Congress at the present session.

The period of presumption under the amended law will undoubtedly be brought up to January 1, 1930, which would include many who have already filed claims but have been unable to secure compensation because the present period of presumption ended in 1925.

Those who file claims now, Mr. Potter has been advised by Veterans

Bureau officials, will save approximately six months time in having their claims finally approved.

LIONS HEAR OF FIJI ISLANDS

Dr. G. S. Bennett Speaks At Noon — Other Features

New Castle Lions were told today of the vast transformation that has come over the Fiji Islands and other Southern Pacific ocean isles since the advent of Christianity there, when the Rev. G. S. Bennett, pastor of the First Christian church and sky pilot of the club related an account of experiences encountered in a visit to the lands some time ago.

Lion Bennett sojourned there for a short time on his way from his native land of Australia to this country. Before Rev. Bennett spoke, the club voted to send a delegate to the international convention of Lions clubs at Denver to be held July 14, 15, 16 and 17. Election of the delegate will occur later.

A Memorial Day program will mark the meeting of the club on Tuesday, May 27, and old soldiers of the community will be in attendance as the guests. The speaker has not yet been announced.

Hoover On Way To Inspect Big Ships Of Navy

President Hoover Rides U. S. S. Salt Lake City To Reviewing Scene Today

MONSTER SHIPS ARE IN FORMATION

By GEORGE E. DURNO
International News Service Staff Correspondent

ABOARD THE U. S. S. SALT LAKE CITY, OFF THE VIRGINIA CAPES, May 20.—President Hoover took the bridge of the Salt Lake City—first of the 10,000-ton, 8-inch-gun cruisers this nation has laid down—and cruised out of Hampton Roads today to witness his first review of the United States fleet as Commander-in-chief of the navy.

Ahead of him, out on the Broad Atlantic, the bulk of America's fight-

ing ships lay waiting, ready to do him honor and demonstrate their effectiveness should ever they be called into battle.

The navy today is staging the greatest demonstration of its history. Not only will the major portions of the Atlantic and Pacific fleets, fresh from their winter practice in the Caribbean parade past the president, but in addition they will simulate actual warfare and give him all the thrills of the deadly bombing by the air force sent off the aircraft carriers Lexington and Saratoga, and those catapulted off the major fighting vessels; the deceptive smokescreens laid down by the destroyers, and the maneuvering of the submarines and other light craft.

ACCIDENTAL SHOOTING VICTIM IMPROVING

Jimmy Moses, 15 West Long avenue, victim of an accidental shooting late Saturday afternoon, was today reported by the New Castle hospital as recovering in good shape from the effects of his wound in the left shoulder and neck. His speedy recovery is anticipated.

What a shame that Samson didn't live among people who would contribute \$15,000 nightly to see him push over a set-up.

They say "Ford is not the biggest name in Europe." But later they will discover, as in Wilson's case, that he isn't really Santa Claus.

The Story Of American Industry
Paper Making—Part Two

THE ANCIENT GREEKS AND ROMANS WROTE UPON SCROLLS MADE FROM THE STALK OF THE EGYPTIAN PAPYRUS PLANT. GREEK AND ROMAN SCHOOLBOYS WROTE THEIR LESSONS ON BLOCKS OF WOOD THAT HAD BEEN COATED WITH WAX. THEY SCRATCHED THE LETTERS IN THE WAX WITH THE POINT OF THE STYLUS. WHEN THEY WANTED TO ERASE A WORD THEY SMOOTHED OUT THE WAX WITH THE BLUNT END OF THE STYLUS.

PAPYRUS WAS USED AS A WRITING MATERIAL IN EUROPE UNTIL THE 7TH CENTURY. WHEN THE MOHAMMEDANS CAPTURED EGYPT, AND CUT OFF EUROPE'S PAPYRUS SUPPLY. FROM THAT TIME ON EUROPEAN SCRIBES HAD TO USE PARCHMENT. PARCHMENT WAS TERRIBLY EXPENSIVE. AS IT WAS MADE FROM THE SKIN OF LAMBS.

LATE IN THE FIRST CENTURY, A. D., A CHINESE GENIUS, WHOSE NAME, UNFORTUNATELY, IS LOST TO HISTORY, DISCOVERED A WAY TO MAKE AN EFFECTIVE WRITING MATERIAL BY PRESSING CLOTH FIBRES TOGETHER TO FORM A SOLID SHEET. IT WAS HUNDREDS OF YEARS BEFORE THE NEWS OF THIS REMARKABLE INVENTION REACHED EUROPE.

THE ARABIAN, OR SARACENS, WERE THE FIRST TO LEARN THE PROCESS FROM THE CHINESE. THEN IN THE 8TH CENTURY, WHEN THE SARACENS CAPTURED NEARLY ALL OF SPAIN, THEY PASSED THIS KNOWLEDGE ALONG TO THE PEOPLE OF EUROPE. THE EUROPEANS, USED TO WRITING ON PAPYRUS, CALLED THIS NEW PRODUCT "PAPER," A WORD DERIVED FROM "PAPYRUS" TOMORROW—PAPER MAKING (CONTINUED).

OLIVER'S ADVENTURES

THE GIBSONHURST CASE

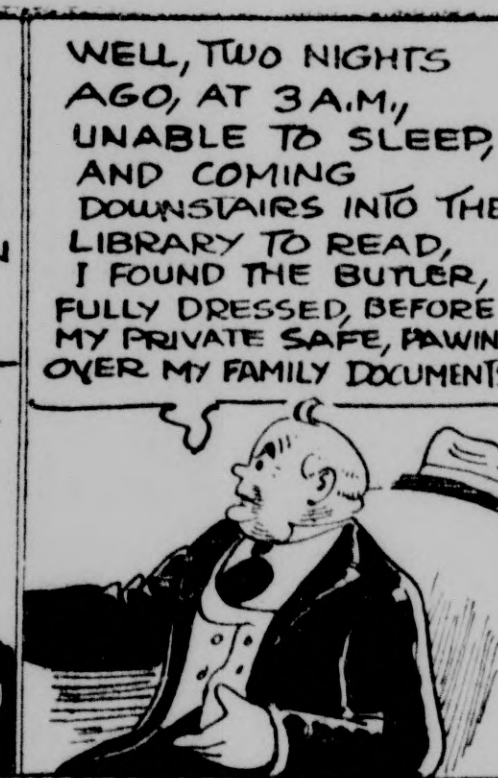

BY GUS MAGER

YES, GIVE US THE DETAILS, MR. GIBSON —

I'M LIVING ON THE OLD ESTATE, GIBSONHURST — THE HOME OF OUR FAMILY SINCE LONG BEFORE THE REVOLUTION —

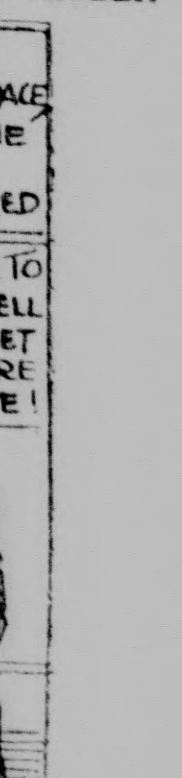

IT'S ALL ABOUT MY BUTLER, A MAN WHO, STRANGELY, SEEMS TO HAVE BEEN SATISFIED IN HIS MENIAL POSITION WITH ME, THOUGH EDUCATED FAR ABOVE HIS STATION —

WELL, TWO NIGHTS AGO, AT 3 A.M., UNABLE TO SLEEP, AND COMING DOWNSTAIRS INTO THE LIBRARY TO READ, I FOUND THE BUTLER, FULLY DRESSED, BEFORE MY PRIVATE SAFE, PAWING OVER MY FAMILY DOCUMENTS!

FURIOUS, I DISMISSED HIM ON THE SPOT, BUT AS HE PLEADED FOR A WEEK'S NOTICE, TO AVOID OPEN DISGRACE I GRANTED IT, BUT, SOMETIME DURING LAST NIGHT HE VANISHED COMPLETELY FROM THE PLACE, THOUGH UNDOORS AND DOORS WERE STILL SECURELY LOCKED THIS MORNING, AND THE WATCHMAN AND HIS DOGS HAD NOT SEEN HIM OUTSIDE.

OLIVER, DASH OVER TO THE HANGAR AND TELL THE MECHANIC TO GET THE SHIP OUT — THERE MAY BE NEED FOR HASTE!

Confirmation Of Owen J. Roberts Appears All Set

Senate Prepared For Speedy Approval Of Pennsylvania Man For Justice Post

STRANGE CONTRAST TO OTHER CASES

(International News Service) WASHINGTON, May 20.—In strange contrast to the recent battle over Chief Justice Charles Evans Hughes and the rejected Judge John J. Parker, the Senate today was prepared to elevate Owen J. Roberts of Philadelphia to the United States supreme court by nearly unanimous action.

Administration leaders hoped to secure confirmation of Roberts as an associate justice by nightfall. The Philadelphia man will take the seat vacated by the death of Justice Edward Sanford, to which he was appointed by President Hoover following the rejection of Judge Parker.

Keystone State Honored

Roberts will be the first Pennsylvanian to sit on the supreme court in 27 years. His confirmation will give the East five posts on the high court, with the South holding one and the Middle and Far West the other three. The East will have Hughes, Holmes, Brandeis and Stone, besides Roberts; the South, McReynolds; the West, Van Devanter, Sutherland and Butler.

The Philadelphia man was understood to be a "personal choice" of President Hoover, and his appointment met with immediate endorsement in the Senate, due to Roberts' highly successful prosecution of the famous Teapot Dome and Elk Hill oil cases. The very senators who led the fight against Hughes and Parker were outspoken in praising the Philadelphia's legal ability and public career.

With this start a judiciary subcommittee, headed by Senator Borah (R) of Idaho, approved the appointment. A unanimous report from the full judiciary committee, urging Roberts' immediate confirmation, followed. Administration leaders therefore expected virtually no opposition to his confirmation.

One precinct In Philadelphia Is Already Counted

Secretary Davis Leading For Senator As First Precinct Is Heard From Today

(International News Service) PHILADELPHIA, May 20.—Philadelphia's smallest voting district, the sixth division of the ninth ward, completed its balloting before noon today.

Only six voters cast their ballots. The count revealed: For U. S. senator, Davis 5; Bohlen 1.

For governor: Brown 4; Phillips 1; Pinchot 1.

Dewey, candidate for secretary of internal affairs, and the three legislative candidates, Maxey, Linn and Drew, candidates for the supreme and superior courts, all received six votes each.

Shannon, the candidate for lieutenant-governor, received five votes, the other one going to Dorrance of the wet slate.

MUMBULO TRIAL TESTIMONY OPENS

Mrs. Edna Mumbulo, Alleged Implicated In Death Of Young Girl Goes On Trial

(International News Service) ERIE, Pa., May 20.—Mrs. Edna Mumbulo, stepmother of 11-year-old Hilda Mumbulo, whom the state charges the woman burned to death in order to share in a \$7,000 legacy left to the child by her mother, went on trial for her life before Judge W. E. Hirt in Erie county court here today.

Eleven men and one woman comprise the jury that will decide the woman's fate. Mrs. Mumbulo contends the girl was fatally burned when accidentally spattered with burning gasoline in an apartment house fire here.

Assistant District Attorney Mortimer Graham, outlining the commonwealth's case to the jury, declared that efforts would be made to show the child was burned to death with murderous intent.

"We contend that it was a physical impossibility for the fire to start as the defendant claimed it did," Graham said.

Graham ridiculed stories told by Mrs. Mumbulo who claims the fire broke out when gasoline she was using to clean a dress in the kitchen of her home became ignited.

"The defendant did not suffer a burn," Graham declared, "but the child was burned to death when the defendant carried the pan of gasoline into the girl's bedroom and the contents splashed upon the little one as she hurried the liquid against a window."

Dr. Nathan Schuser, an interne at Hamot hospital who attended the child after she had been burned, was the first witness called by the prosecution.

Ralph Mumbulo, father of the girl, listened attentively while the state's case was outlined to the jury.

Mumbulo, also under indictment on a murder charge in connection with his daughter's death, will be tried separately immediately after completion of his wife's trial.

RIGHT UNDER YOUR VERY TOES . . . MOTORS HAVE CHANGED!

That's the reason for

Mobilgas

The newest gasoline . . . modernized by Vacuum's Process of distillation . . . for the car you drive today

DON'T think that cars have changed only in appearance in the last few years. Motors have changed too . . . and performance with them.

To make them faster and livelier, engineers have made motors more exacting in their fuel requirements. Gasoline has a different job to do—a newer job—a harder job.

That's why we brought out Mobilgas. It's the newest gasoline, modernized by Vacuum's Process of distillation. It's the zestful, vigorous fuel you need for the car you drive today.

Mobilgas is new to this section, but it's going like a veteran. People who welcome improvements are switching to it daily. Try a tankful of this newest gasoline yourself. It sells at the same price, and you'll like it.

Admirals Attack New Naval Treaty

Three More Admirals Enter Weight Of Protest Against London Treaty

OPPOSITION NOW GROWING STRONGER

(International News Service) WASHINGTON, May 20.—The weight of expert naval protest against the London naval arms treaty increased today as three more admirals voiced opposition to the pact.

They are, Rear Admirals H. E. Yarnell, chief of the navy's engineers bureau and an adviser to the American delegation in London, J. B. Chase, member of the general board and J. R. Pringle, head of the naval war college at Newport, R. I.

They told the senate foreign relations and naval affairs committees the treaty failed to give America parity with Great Britain and Japan and endangered the safety of this country.

Yarnell predicted that at the next conference Japan would "ask for actual parity with America and get it."

"If we had to send our fleet to the Philippines now, it would be just a separate gamble. We have no dry dock there and are 7,000 miles from home."

"America should lay down two ships to Japan's every one," he warned, "or otherwise the Japanese will claim parity with us and get it."

Pringle, also before the naval affairs committee criticized the treaty's provisions giving increased tonnage to the Japanese, and agreed with other naval experts the United States

needed 8 inch guns for its cruisers instead of 6 inch guns.

Chase, before the foreign relations committee, contended the treaty used the "wrong basis" for attaining parity and attacked the cruiser, submarine and "escalator" clauses of the treaty.

Twelve Counties Produce Tobacco In Pennsylvania

HARRISBURG, May 20.—Twelve counties in Pennsylvania represent the tobacco-producing belt in this State although Lancaster grows almost 93 per cent. of the crop and York three per cent., according to statistics compiled by the State Department of Agriculture and made public today.

In 1928 Pennsylvania produced 49,580,000 pounds of tobacco, valued at \$6,941,000, and last year 47,601,000 pounds were grown with a valuation of \$8,521,000, representing a decrease of 1,979,000 pounds and an increase of \$1,580,000 in valuation.

The other counties in addition to Lancaster and York in which tobacco is grown are Berks, Bradford, Lebanon, Lycoming, Snyder and Tioga.

Awarded \$150 For Death Of Cow

(International News Service) DENVER, Col., May 20.—A damage award of \$150 for the death of a cow from rabies following a bite by a bulldog, has been upheld by the Colorado supreme court. After Carl Berg's white bulldog bit Joe Willmott's cow and gave it the disease, County Judge Briggs of Weld county awarded Willmott the \$150 judgment.

Gas-Killed Trees Will Be Replaced

DUCKTOWN, Tenn., May 20.—People of this section have lived so long without seeing trees, they find it hard to believe they ever will.

Yet a professor from the University of Tennessee has brought 3,000 blight resistant chestnut trees from China and Japan and transplanted them in the 10,000-acre area swept of all vegetation by gas fumes from copper plants.

C. B. Shively, extension forester of the university, believes the trees will grow in the eroded area, since the copper refineries have installed equipment for cutting down the escaping gases.

Makes First Record Fish Catch Of Year

(International News Service) BICKNELL, Ind., May 20.—Why go to Florida or the Northern lakes to fish inquire members of the Southern Indiana Izaak Walton League?

Why indeed? Zeke Barnes and Roy Davis, two local fishermen, displayed a 21-pound white perch here which they caught in the river near here.

This constituted the record game fish catch for 1930 in Southern Indiana.

EXPLAINS HOW TO
DOUBLE TONNAGE

Views Show New Castle And
Shenango Valley Indus-
tries In Connection
With Story

T. J. Bray, president of the Beaver, Mahoning & Shenango Rivers Improvement association, has contributed an interesting article which is featured in the current issue of National Waterways, a magazine devoted to the interests of river transportation.

This article, which is entitled "How to Double Ohio River Tonnage", sets forth clearly the advantages which would accrue to shipping through the slackwatering of the Beaver, Mahoning and Shenango rivers, which project is expected to be developed by the United States government in the near future.

Incidental to the main purpose of the association in slackwatering the rivers of the district, Mr. Bray explains that the association also is supporting the Lake Erie and Ohio river canal movement which would undoubtedly follow the slackwatering of the rivers.

The river improvement seeks but a nine-foot depth, while the channel project calls for a 12-foot channel, Mr. Bray explains, but the slackwatering project could be carried out with a

nine-foot depth and provisions made for deeping it to 12 feet later on without defeating the aims of backers of the canal project.

Mr. Bray states that the association feels that there is ample tonnage for the rivers alone to justify their improvement, and the starting of any of this work would tend to fix the final route of the canal and be of ultimate advantage to it.

In addition to giving many facts on tonnage, present rail rates, etc., the article is accompanied by views of the leading industries along the entire route of the rivers and their contributing streams. Pictures are shown of the Pullman and National Tube plants in Ellwood City, Crescent Portland Cement Co. at Wampum, plants of the Garland Manufacturing Co. at West Pittsburg, the American Sheet & Tin Plate plants, Shenango Pottery, Grasselli Chemical and Carnegie Steel plant in New Castle, and views of various plants in the Sharon, Sharpsville and Greenville districts, besides many along the Mahoning river in the Youngstown district which is termed the Ruhr Valley of America.

COURT OF BUSINESS

The trouble with certain lines of business has been over-production. This over-production has been world wide. This leads Bernard Baruch, smart business man, to conclude that perhaps the solution of a great industrial problem lies in a new "supreme court of business." The leaders of industry have given the best of their minds to making business bigger. They have made a rich and prosperous country. Especially they have made themselves rich. Perhaps these same minds can be focused on meeting and solving the problem of over-production. It's a great idea of Mr. Baruch's. Let's think about it.

PREACHERS AND UNREST

A report made public by the general council of the Presbyterian church shows that the profession of the ministry is suffering from unrest. And why not? What men in all the world carry more burdens, are entrusted with more grief, and discouragement than preachers? Their homes and offices are clearing houses for men and women who find life too much for them, who are defeated in the daily struggle. Preachers get little money and their hours are the hours of the day—twenty-four. They marry and bury, comfort and inspire. Most of us are little rivers, crooked, half-dry little streams that meander through life and trickle obscurely to the sea. The life of the minister, who is doing his work is the little river close to the sea when the tide comes in. The tide of faith and courage and patience and gentleness gives constant meaning to their lives. And the tide doesn't come and go—not so much as with the rest of us. Ministers must live at full tide. They do.

WELL, WHAT OF IT?

Speaking of ministers, one learns from official sources that a fourth of the preachers in one denomination have no "theological education." Well, what of that? As far as most of us are concerned it's all right if none of them has theological education. What men want is the mind that is liberally educated, the heart that responds to need, a touch that is understanding and gentle.

REVISING THE BIBLE

It is said modern Bible students plan a revision of the New Testament. That is not as important as it sounds. The idea is there now—and plain enough.

OH, THESE WOMEN!

By LEOLA ALLARD

Colorado Springs Charlie, middle aged, wrote last week that he wanted a young wife who would accompany him on the piano while he fiddled the old tunes.

Charlie, here's a terrible jolt from "Porthos." She too lives in the shadow of Pikes Peak, but she has no desire to know Charlie. She says she is too old to suit him and he is too old to suit her.

"Is it not a case of consummate reserve," Miss Allard, says Porthos, "for every man of the 'old fossil' type like Charlie" (she judges from his letter), "to demand a young woman for a wife, and then, in the next breath, to demand that her chief amusement shall be to play 'Turkey in the straw'?" One would think that the sense required to work in a bank would also be enough to cause him to realize that the young woman he wants would NOT WANT HIM. I, myself, ten years above his "age limit" (it was 25) could never endure his smugness.

"It is really tragic the loneliness there is in the world. Here is a poor man who, no doubt, could find a woman his own age who would be tickled to death to pamper him by playing his accompaniments. But he wants a YOUNG WOMAN."

"You know men usually want EV-ERYTHING when they pick a wife, and they usually end up by getting everything BUT what they want. On the other hand, women usually want just one thing—money. I find in my social service work that there are a great many good men and women running around loose, but the trouble

is they never meet, and if they did, they would never marry, for each is looking for something different.

"I am 35, and a widow. I have had chances of marriage, but I am naive and quaint enough to want love. I don't care whether the man I love has enough money to buy the license. I do not care whether he is a little runt or a big brute. His nationality or his religion matter not. I want the real old fashioned love. I have

ceased looking because I consider it hopeless. I do not care to adopt children, and men of my age or older are looking for young girls for wives.

"More power to you and it would be well if there were more said on the subject for the purpose of educating people in the causes and effects of matrimony.

Porthos.

I don't know why men are like that Porthos, but maybe Charlie will write and tell us why he puts that 25 year age limit on the woman he seeks.

Why not 35, Charlie? That's very young these days.

Night Track Meet At Taggart Field Friday

Over 50 Schools Will Compete In Big Night Meet Here Friday

Sound Amplifier Will Be Used To Announce Winners; Start At 7:00 O'Clock

On Friday night at Taggart field, the fans of this city as well as of this section will be treated to another unusual sport event when the New Castle high school will conduct the first Night Track Carnival ever attempted in the United States. The first event on the schedule will start at 7:00 o'clock Eastern Standard Time or 8:00 o'clock Daylight Savings Time. Over 50 schools have entered the meet which signifies that competition will be keen. Schools all over this section and as far as West Virginia will be here. Elkwood City's crack track team which won the annual W. P. I. A. A. meet on Saturday and the Beaver County boys will compete under the floodlights of Taggart field.

Ralph H. Gardner, faculty manager of athletics at the high school, who is in charge of the meet has arranged some 35 or more interesting events. Relay races and sprint events such as throwing the discus, etc., will have their taste appeased. The low and high hurdle races are expected to keep the fans on their toes.

The meet will not be one which will last for seven or eight hours but will be one which will start at 7:00 o'clock and end about 10:30 o'clock. With such track officials as W. Haddock as referee assisted by Elmer Layden, R. X. Graham, Henry Blum, Andy McDonald and several more men who know how a track meet should be run. Fans can be assured that the meet will be one that will be enjoyed instead of one that becomes monotonous.

As soon as an event is run and the winner known the fans will know the winner through a sound amplifier which is being installed at Taggart field. Friday will mark the second time an amplifier has been used on a field to announce a meet. Beaver Falls used one in its meet not long ago.

Due to the novelty of this sport event the local officials are preparing to take care of a big crowd to watch the mammoth meet. The first event will start promptly at 7:00 o'clock Eastern Standard Time.

New Castle Indies Would Like Games

The New Castle Indies baseball team would like to book a twin bill for Decoration Day, May 30, with any fast independent team in this city or county. The Indies is a unit team, and can offer any team a real fast game.

Tonight the Indies battle the Cascade A. C. at the Cascade Ball Park. The Indies hope to take the measure of the fast City-County league leaders.

Wednesday night the Indies go to Edinburg for a game with the Edinburg All-Stars. For games with the Indies call Jimmy DiMuccio at 9061, or write to Jimmy DiMuccio at 514 South Jefferson street, New Castle, Pa.

MUSHBALL LEAGUE

The weather allowing the Mercantile teams of the New Castle Mushball League will go into action again tonight. The following games are scheduled: Bankers, Lehigh, Cardinals, Spencers vs Post Office, Radiator Field, Haney vs Richmans, Geo. Washington Field, News Slugs vs Phalanx, Carnegie Field.

The Industrial teams were supposed to have played last night, but owing to the fact that the teams are not rich enough to rent row-boats rubber hats and the team that was to be washed off the board. If the weather clears they may get them in on Wednesday of this week.

Now that the rain is over, who's laughing, the teams will go into action more often and many fine games are in the offing for followers of the popular summer game in New Castle. Interest in mushball is growing every day. Next year there should be at least 25 or 30 teams in the various mushball leagues.

The games start at 6:30 o'clock, and not later than 6:45 o'clock. The teams must have eight men out for play or forfeit the game to the team that does comply with this ruling. It will make for better mushball if all the players get out for the games on time and on the nights their team is scheduled.

The Bankers and Spencers mushball game scheduled tonight in the Mercantile League has been postponed, due to cold weather, wet grounds and primary election day. The game will be played off on the next open date after tomorrow.

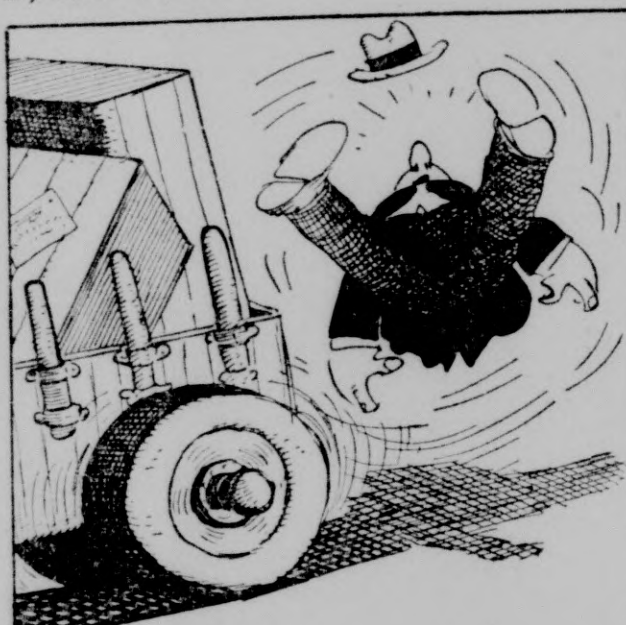

Rifle Clubs Plan United Organization

Plans are being made to unite the Service Men's Rifle club and the Non-Parliament Hunting and Rifle club into one organization for the purpose of getting into one organization one of the best rifle shots in the city. It is expected that from the combined membership of the clubs there can be secured a team or rifle experts which can make a record for themselves and the community in matches with teams of other districts. It is planned to perfect the organization of the two into one organization in the near future.

League Managers To Meet Tonight

Tonight at 8:30 o'clock at the "Y" the New Castle Church League managers will hold an important meeting. The session has been called by President Henry MacNichols. It is very important that all managers try and get to this meeting.

A SAD, SAD STORY

THIS MAN WAS KNOCKED IN FOUR DIFFERENT DIRECTIONS BY A TRUCK DRIVEN BY AN INTOXICATED DRIVER.

McNaught Syndicate, Inc., N. Y.

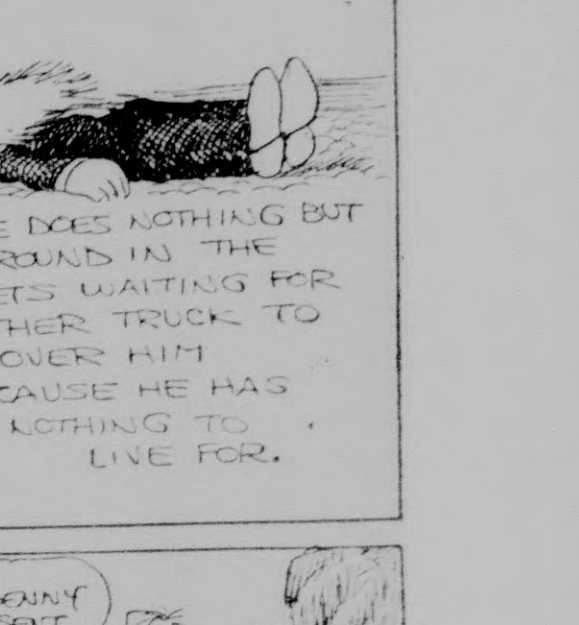

HE WAS IN THE HOSPITAL FOR SIX MONTHS AND IT TOOK A BUNCH OF THE BEST DOCTORS IN THE COUNTRY TO PUT HIM ON HIS FEET AGAIN.

HE SUED THE TRUCKING COMPANY FOR \$100,000 AND WAS AWARDED THAT SUM IN FIFTEEN MINUTES AMID THE ENTHUSIASTIC CHEERS OF THE JURORS - BUT THE TRUCKING COMPANY TOOK THE CASE TO A HIGHER COURT.

AND, AFTER 40 YEARS OF LITIGATION, THE FIRST VERDICT WAS UPHELD - BUT THE LAWYERS AND DOCTORS GOT ALL THE MONEY AND THE MAN IS NOW TOO OLD TO GO TO WORK.

SO HE DOES NOTHING BUT LIE AROUND IN THE STREETS WAITING FOR ANOTHER TRUCK TO RUN OVER HIM BECAUSE HE HAS NOTHING TO LIVE FOR.

Schmeling To Rid Self Of Managers

Germany Heavyweight Will Soon Give "Air" To All His Managers Is Reported

May Select New Man To Handle His Affairs—Herr Jacobs To Get Complimentary License

By DAVIS J. WALSH International News Service Sports Editor

NEW YORK, May 20.—An innuendo is being bandied about today to the effect that the Herr Schmeling, co-principal of the world's heavyweight championship fight of June 12, is soon to sign up with a new manager of whom he expects the most satisfactory of results, the latter being himself. He has four of five managers now, not including the manager of the managers, but they say he will have a grand total of none by October 15. It seems that the Bulow contract and the managers and their managers are to run out, meaning to expire, in unison, meaning together and in heavy marching order.

In other words, the Herr Jacobs, who learned his German while buying gefüllte down at the corner delicatessen, may or may not get a lot of praise in the none too intermediate future. I am not altogether clear on this point but my information about another phase of the situation is almost specific. I know perfectly well what he will not get. He will not get a license to manage Schmeling on the night of the title fight with Sharkey.

He will go into the German's corner on the bounty of a special permit for one evening only, after which he will be permitted to go out into the night and get sunstroke or something. Doesn't Need Manager. Thus, between what he may get from Schmeling and what he will not get from the boxing commission, the Herr Jacobs and his ensemble seem due to sustain more of a pushing around than the average wheel chair. So far as I know, there is no hint of dissonance in the happy menace of the Herr Schmeling at Endicott, N. Y. The Herr Jacobs may suspect that all is not well but he can't expect the Herr Schmeling for what he is thinking, which is supposed to be something in this vein: That a fighter's best friend is himself, and as such, ought to be rewarded very handsomely. He is said to regard 90 percent of the purses as a reasonable arrangement, which is neither handsome nor good looking. Its downright beautiful.

The Senior Firpo made some arrangement of this kind seven years ago and seemed to find it satisfactory, although the managers always maintained that he needed a manager in a very critical way. They even say so to this day. In fact, the only man who they are certain doesn't need managing is an out and out failure.

Gets Legal Wage. Anyway, if the Herr Jacobs is willing, he probably will be retained in some capacity. Somebody, for instance, has to answer the telephone. Besides, the Herr Jacobs is the Herr Schmeling's very good friend and he wouldn't think of parting with him—unless the Herr Jacobs gets so headstrong and unreasonable as to expect the manager's legal rate of 33 1-3 percent.

For instance, the Herr Jacobs and his accomplice, the Herr MacCarney, are doing as much right now for the Herr Schmeling as they ever will be able to do and accepting far less than the legal wage. So why distort the happiness with the care and responsibility of getting 7 1-3 percent and cause they manage the fighter at such times as he sees fit to tolerate this, while Charley Rose is getting 6 percent because he is Charley Rose and the Herr Bulow is getting 20 percent because it can't be helped. This apportionment will go on until October 15. After that, what?

For further ignorance, address all communications to the Herr Jacobs at Endicott, N. Y. He doesn't know, either. TEAM TO PRACTICE. Weather permitting the Third U. P. team of the New Castle Church League will practice tonight at the Frank Avenue field. All players are asked to report.

Sharkey May Take On New Sparring Partner Playmate

(International News Service) ORANGEBURG, N. Y., May 20.—Jack Sharkey may extend his boxing program today with the scheduled arrival of another punch absorber. The Boston sailor boy boxed only three rounds yesterday, working with Jummy Grosso and King Solomon.

In two rounds against Grosso, Sharkey looked sharp and likely using a vicious hook often. Paul Vavalier, who trained with Sharkey in some of his previous fights, including the one against Jack Dempsey, was due to join the Tar's sparring force today. He will be badly needed as Grosso and Solomon suffered considerably in yesterday's drill.

Shikat Captures Wrestling Bout

(International News Service) NEW YORK, May 20.—Although he was defeated in his bout with Richard Shikat here last night, Rudy Dusek of Texas won the plaudits of New York wrestling fans today. Dusek showed considerable ability and plenty of gameness but finally was slammed to earth by Shikat, who is recognized in New York and Pennsylvania as world's heavyweight champion.

The bout, the wildest and fiercest seen in New York recently, ended the indoor season here.

Yet courtesy wouldn't permit an Ambassador to indulge in any other felony popular in his own country.

Flynn's Burial Is Set For Thursday

(International News Service) NEW YORK, May 20.—Funeral services for Leo P. Flynn, noted figure in boxing and formerly manager of Jack Dempsey, will be held Thursday and the body removed to Providence, R. I. Flynn died yesterday from pneumonia contracted as the result of a cold, following a golf game.

The Perfect Catcher

For the past three baseball seasons, and thus far in 1930, it became more and more manifest that Mickey Cochrane, of the Philadelphia Athletics, is as near nature as will permit. This big fellow is the ideal mechanical man, i. e., he can catch all kinds of pitching with a minimum of fumbling or passed balls, and he can throw slibbities with the swiftest accuracy to all bases with the swiftest and direct. Moreover, he can steady and direct more pitchers in masterly style and usually think seconds ahead of the opposition.

Cochran is the combat general of the Athletics. Connie Mack is, of course, the team's field marshal who directs general tactics and strategy from the dugout. He is in constant consultation with those other real diamond strategists—Eddie Collins on coaching lines or bench, and by Perkins, astute assistant coach.

But when the Athletics are in the field, Mack leaves most of the play-by-play strategy to Cochrane, who long ago mastered the famed Mackian principles of baseball.

Phil Goldstein Wins Decision

Officials Hand Plum To Phil After Fast Fight With Delmont

RAIN, COLD FAILS TO MAR BATTLE

Although J. Plum' acted like a village cut-up and a cold blast followed the heavy downpour, fans who gathered in the Jolly Bowl last night were kept warm by excitement which predominated when Danny Delmont, Chicago and Phil Goldstein, Pittsburgh, lightweights, fought 10 fast rounds. The decision was given Goldstein but fans would have preferred a draw.

Goldstein was the neatest boxer and Delmont the best puncher. There was action every minute and toe-to-toe exchanges were frequent. Goldstein moved fast and managed to evade Delmont's right and left hands. The rest did him good and he had no difficulty going the rest of the round.

Goldstein pumped a left to the face and tossed a right to the chin while Delmont crossed his left to the head and sent rights to the stomach. The fighting at close quarters was fairly even and while each was staggered and hampered to the ropes frequently it would be far-fetched to say that either was in danger of a knockout.

Boda Beats Lands. It was a mighty good fight, one the fans liked and fans who missed the encounter today are being regaled with stories of the engagement. Delmont is a youngster and Goldstein a crafty veteran and as good as other bouts which have been staged at the bowl where fans recognize that no battle proves a blank.

Goldstein weighed 138 and Delmont 136 1-4. They were in tip top condition. Jimmie Dunn handled Goldstein and it might be well to state that it was the first time in months that Dunn has appeared here. The fans gave him a welcome and Goldstein paid it back with action. Bobby Laterra acted as chief second for Delmont and handled the Chicago youngster like a veteran.

Joe Boda, Cleveland 121½, defeated Frankie Lands, New Castle, 12-1-4, in the six round semifinal. It was the second time that Boda chalked up a win over Frankie. They traveled at a fast clip and there were no dull seconds. The Clevelander knew too much for Frankie but Lands wasn't far behind in action.

Arnold Surprises Fans. Tommy Arnold, New Castle, 143½, was given the award over Rorer Shea, Cleveland, 142 1-4, in a six round preliminary but the decision of a draw would have pleased fans more. The two southpaws punched each other around the ring and the fans roared for both. Arnold and Shea should make a good return.

Warren Farrow, New Castle, 177½, and Nick Gruber, Altoona, 181, staged the first six round bout. It was filled with swings, strikes and errors and was exactly what the crowd wanted as an appetizer. Nick put Farrow down for a count in the second but he got up and the decision was given to the local boy.

Joe Goodman who has been creeping up the lightweight ladder successfully was introduced from the ring and received a fine ovation. Fans from Pittsburgh, Cleveland, "haron, Youngstown, Butler, Beaver Falls and Oil City witnessed the show which went off like clockwork.

Mickey Cochrane, duty from the office of the Pennsylvania Athletic Commission handled the commission's end and George Chip was the third man. Chauncey Davis and "Big Jim" Dunn were the judges. Peter Capitola kept time. Scores of women were in attendance.

Mickey Cochrane Is Out Of Game

(International News Service) PHILADELPHIA, May 20.—Mickey Cochrane, athletic catcher, will be out of the game possibly for two weeks, it was feared today. An X-ray of his right ankle, injured in sliding into third base last week, disclosed a chipped bone.

The little problems are hardest to solve. Faith will move mountains, but it won't grow hair.

Jack Hulme Aspires To Have Athletics For All At College

More Than 300 Take Part In Games During Year At Westminster

NEW WILMINGTON, Pa., May 20.—Jack Hulme, inspiring gymnasium director at Westminster College, is looking for more worlds to conquer. Jack has built up intra-mural sports at the college to a place where a large percentage of the entire enrollment actually participates in games during the year.

Aside from the varsity sports of football, basketball, track, tennis, and cross country, Hulme points out that 245 students have participated in intra-mural and inter-class contests of all kinds. Leagues have been organized in basketball for girls, basketball for men, water polo, archery, golf, mush ball, football, tennis, and swimming.

Counting all league games in all these kinds of sport activity, almost 150 contests have been staged during the year. When one adds the names of 100 athletes from varsity teams to the intra-mural list, he gets a total of 345 students who have actually participated in games during the year.

In the annual inter-class football game, the sophomores defeated the freshmen 12-0 last fall. In the intra-mural basketball league, with 30 games scheduled, Delta Phi Sigma fraternity won the championship. In intra-mural mush ball, which scheduled was completed last week, 20 games were played and Kappa Phi Lambda won the championship.

In the annual inter-class basketball league for the girls, the sophomores won. A total of 18 games were played in this league. Miss Lois Stewart won the singles badminton championship when 34 games were played. In the annual tennis tournament, Miss Stewart also won out. She is

now leading in the archery-golf league.

In addition to this activity with organized games, Hulme has each year turned out a number of expert swimmers. Each year a number of his students get positions as life guards and as swimming instructors. Miss Dorothy Stunkard, New Castle, is instructor in swimming at Temple University this year, and Deane Osborne, Wilson Botsford, and Wallace Maxwell were all life guards last summer.

So far this year, six men students have qualified under Hulme for the senior Red Cross life-saving badge. These are: Hugh Graham, New Castle; John Goidies, Farrell; Gilbert Rea, McDonald; O. Robert, McClaren, Sharkey, Chauncey, Goodchild, New Castle; and Forrest Eakin, New Castle. In addition to this group, four women students are now taking the senior Red Cross tests.

Hulme has been assisted in his work as director of the gymnasium by Deane Osborne, Youngstown, O.; Wilson Botsford, Pittsburgh; Wallace Maxwell, New Wilmington; and Lois Stewart, Homestead.

Cascades To Play New Castle Indies

The Cascade A. C. will play the New Castle Indies tonight at 6 o'clock at the Cascade Field. All players are requested to be present at the appointed hour. The City-County League team is confident of victory tonight, but they must not under rate this Indies team, because the boys are good.

The Cascade A. C. would like to book a game with a fast team on Friday night. Call 326-M and ask for Cliff Cline-Smith, and call between 4 and 5 o'clock or 9 and 10 o'clock.

The Total Of \$3,241.75 Is Col-
lected By Solicitors At
Opening Of Drive
Here

ELLWOOD CITY, May 20.—The
first game gains toward winning the
humanity football game against
crime, hunger, disease, etc. were made
when the solicitors swarmed through
the business section here yesterday on
the opening day of the Community
Chest drive.

The sum of \$3,241.75 was collected
yesterday toward the total of \$37,500
which will be collected during the
week's campaign. This is Ellwood's
ninth drive and as all the others have
gone over the top most successfully,
it is expected that the 1930 foray will
conclude just as triumphantly.

The solicitors will cover the busi-
ness sections and malls before calling
on private individuals. The names of
those donating \$5.00 and over will
be printed in the papers.

Each day as the donations are turn-
ed in, the yardage gained by the Hu-
manity team will be shown on the
bulletin board in front of the Cen-
tral school. Anyone interested in
athletics will watch with interest the
yardage made, until the final touch-
down shows that Ellwood City once
more went over the top "For Human-
ity's Sake."

Couple Married At Local Church

ELLWOOD CITY, May 20.—Walter
Lynn Blose of this city and Miss Ida
Katherine McKelvey, daughter of
Charles M. McKelvey of Border av-
enue, were united in marriage Mon-
day morning at 11 o'clock in the pa-
ronage of the Trinity Lutheran
church. Rev. L. J. Baker officiated
using the ring ceremony.

Attendants were: Albert M. McKel-
vey, brother of the bride; and Miss
Lavina Thompson, a close friend. The
bride and her attendant were attired
in charming afternoon gowns, and
carried flowers. Both are employees
of the Bell Telephone company, and
possess many friends here.

Mr. and Mrs. Blose will be at home

FROM TEE TO GREEN

By ROY GROVE
Central Press Golf Writer-Artist.
Note the ease with which Bobby
Jones has finished his mashie shot.
The mashie is not a long stroke out
the stylist will finish on through
which serves to illustrate how well the
stroke was executed. A poorly hit
ball would have given up a poor fin-
ish.

The finish on all of Jones' shots
show a deep rhythm; any well hit
ball will show this rhythm.
Finish your stroke from head to
foot, use little body action in actually
hitting the ball, but finish with all
the forward motion you care to in
getting the arms out to the pin.

The important point in Tommy Ar-
mour's mashie play is the very stiff
left arm and the loss of any action
at the hips.

In making a good mashie shot,
Jones and Armour allow a slight bend
in their knees, while taking their
stance, just enough to relax the body.

Come back slowly on all your
strokes, to a point where you think
the force needed will carry your dis-
tance, then snap the wrists into the
ball. Do not lunge, but make the
wrists and hands do the work. This
is not easy, but after a few solid
smacks you will note the difference.

CLOSE RACE IN NATIONAL LEAGUE

NEW YORK, May 20.—The baseball
world doffed its chapeau to Bucky
Harris, manager of the Detroit Tigers,
today. Here is a smart manager, for
having decided he was wearied of
last place in the American League,
he focused the spotlight on his de-
parture from that lowly place by
choosing a day when all other teams
were held idle by cold and rain.

Not that anyone became much ex-
cited about it all, except perhaps the
St. Louis Browns, who dropped into
the basement as they succumbed to
the Bengals in a doubleheader, 5 to
4 and 4 to 2.

In the opener Stewart held Detroit
scoreless until the eighth inning,
when a four-run rally evened up the
game. Two singles and a fielder's
choice led to the winning run in the
tenth when the ever-important Mr.
Gehringer came home. The Tigers
dropped a pitching battle to Ansley
Wyatt, as Detroit won out. Each
team got ten hits.

All teams play today except St.
Louis and Chicago in the National
circuit and Philadelphia and Wash-
ington in the American.

Tilden So "Worn Out" He Keeps On Winning

By WILLIAM RITT
Central Press Sports Editor

NEW YORK, May 20.—Though the
major golf battles in England the
Davis Cup struggle throughout the
world, the preparations of two young
men known familiarly as Jack and
Max for their June duel, the inter-
national speedway race and the
struggles in the major leagues have
been dominating our sport pages
these last few days, certain small,
one-paragraph adds have been creep-
ing into those same pages.

In the clamor and excitement over
the other sporting events you may
have overlooked these items. They re-
fer to a chap named Will Tilden,
labeled last winter a museum piece
in the history of tennis.

However, Will is the most active
museum piece you ever saw. He has
broken out of the glass case critics
had thrust him into and he has been
bowling over Europe's best with a reg-

ularity that smacks of the Tilden of
1929 instead of the Tilden of 1929.
The first thing Will did after ar-
riving in Europe was to knock over
Karel Kozuh, rated by those who
go in for professional tennis in a big
way, the best court player of the age.
When Will clashed with Karel his
well wishers shut their eyes to avoid
the sight of the old master's complete
disgrace. When they opened them
there was Will, still on his feet and
grinning. He had soundly spoken
his great opponent.

Since then Tilden has been going
at a great clip, winning a succession
of championships that presage his re-
turn to the tennis international war.
Last year when Tilden said he was
through as an internationalist, he be-
lieved. And so, it may be added, did
everyone else. Now it seems that he
didn't know his own strength and
skill. Bill Tilden has remained a bet-
ter tennis player than even Bill Ti-
lden expected.

two years have returned to Pittsburgh
where they will make their home.

WAMPUM

SOCIAL ACTIVITIES

The Woman's Club will meet at the
home of Mrs. Ernest Hennon, Friday
the 23rd at 2 p. m.

Program for the reception is in
charge of the Music and Hospitality
Committee and promises to be one
of the best meetings of the year.

Special effort is being put forth
by the committees in charge and it
is hoped that all members arrange
to be at this meeting.

Lay aside your household cares,
just for today and be at the club to
enjoy the reception.

SMALL FIRE

An overheated stove in the kitchen
of the Forney residence at Newport
Monday at 11:45 caused quite a fire
and a small loss.

The fire department here was
notified and went to the scene, and
the blaze was extinguished by the
use of the chemical and the loss and
damage to the property is small.

TALENT RETURNS

The Misses Ruth and Loraine Din-
ger have returned from Neville Is-
land where they took part in a play
given by the High School pupils.

The Dinger children are clever and
have taken much interest in this work
and show great ability.

The play was quite a success and
considerable credit is awarded to the
two Miss Dingers of this place.

WAMPUM PERSONALS

Mr. and Mrs. Ira McAnlis have
returned to Butler after spending the
week end with the former's parents,

NEW YORK STOCKS

Industrial Stocks Unsettled Today

(International News Service)
NEW YORK, May 20.—Industrial stocks were unsettled in the early trading today by a continuation of the selling session. Though losses of 1 to 2 1/2 points were recorded in a dozen or more of the favorites, the downward move was by no means general, and frequent rallies took place. As usual, the bears were given credit for the bulk of the selling, which was in the nature of mild attacks on General Electric, Westinghouse, Johns-Manville, Radio etc.

In view of the fairly favorable reports from industrial and trade centers, there was little reason to look for a further break in prices. Cotton and market has already settled down considerably from the April price peaks and important stocks like U. S. Steel are nearer the low prices of the year than the 1930 high levels. At 168 1/2 United States Steel is only 3 points above the 1930 low, but 30 points below the April peak.

Westinghouse sold off 2 1/2 points at 170 1/2; General Electric was down a point at 79 1/2; Johns-Manville down 2; Standard Oil of New Jersey down 2 points; United Aircraft down 1 1/2. In light and featureless trading in the second hour the whole market settled down to a lower price level. Money was in good supply. With the call renewal rate 3 per cent, grain prices were fractionally lower. Cotton and local commodities unchanged.

Rear Admiral Attacks Treaty Before Senate

Rear Admiral Hilary P. Jones is given a chance to voice his opposition to the London treaty before the Senate Committee on Naval Affairs. He opposes the proposed curtailment of cruiser strength where 8-inch guns are concerned, maintaining that that category of vessels is peculiarly adapted to American Naval needs.
